

Tale Of Taking  
Improper Fees  
Angers SenateRecorded Phone Calls  
Involve President

By G. MILTON KELLY  
WASHINGTON — (AP) — A recorded telephone call in which President Truman said he had "good information" that several Congress members collected improper fees drew angry demands today for a Senate investigation.

And a second recorded call in which Mr. Truman reportedly said he had no evidence to back the accusation only increased the lawmakers' wrath.

## White House Protests

A powerful Senate group intent on beating down his proposal to reorganize the Reconstruction Finance Corporation (RFC) planned to use the story as ammunition. The proposal comes before the Senate today for debate, with a showdown vote likely early next week.

Senator Tobey (R-NH) told the Senate in a speech yesterday that he made—and has kept—recordings of the phone calls and that in one of them Mr. Truman charged that "a good many" Senate and House members got fees for helping to arrange RFC loans.

The White House denounced recording of the calls as "outrageous" and said "every word" of the conversations could be made public.

Tobey's office said the recording device he used did not give the President notice that his words were being recorded, but Tobey said there was nothing improper about it.

## No Warning Beep

The federal communications commission termed it "illegal" to record a phone call unless the device emits a warning "beep" sound at 15 second intervals. But it gave no indication it intends to investigate the case.

However, Joseph Duke, Senate sergeant at arms, said he has ordered his staff to see that Tobey's recorder is adjusted to make such sounds hereafter.

Most senators shied away from commenting on Tobey's recording, but insisted they don't use similar devices.

Bond Reduced  
In Gem SwindleWoman Awaits Trial  
In Detroit Jail

DETROIT — (AP) — Her bond reduced from \$25,000 to \$10,000 because of information she gave police, Mrs. Doris Lishansky, 23, remained in jail today awaiting federal trial on gem swindling charges.

The woman, arrested with her husband, Efraim, was not able to meet the reduced bond yesterday.

Furthermore, it was revealed in federal court that she is not pregnant, as she had claimed earlier.

Mrs. Lishansky had offered to tell FBI men where they could find some \$30,000 worth of diamonds, part of \$93,000 in jewels she and her husband are accused of obtaining fraudulently from a New York diamond dealer.

She asked in exchange that her bond be reduced so that the baby she expected would not be born while she was in prison.

Chief Assistant District Attorney Joseph C. Murphy told Federal Judge Thornton that no child was due, but recommended that bond be reduced because FBI men, acting on Mrs. Lishansky's information, had found the jewels in a safe deposit box in New Orleans.

Judge Thornton granted the request. Lishansky's bond remained at \$25,000.

American Jets Score  
Victory In 152-Plane  
Battle Over Korea

TOKYO — (AP) — American warplanes shot down five enemy jets, probably destroyed two more and damaged 15 today in two roaring air fights over northwest Korea.

All American planes came safely out of the battles.

One of the thunderous clashes was the biggest jet fight in history. It involved 152 jet planes—80 Russian-made MIG-15s and 72 American F-86s and F-84s—and about 40 B-29 medium bombers.

## Enemy Pulls Back

On the ground, two Chinese divisions pulled back suddenly and mysteriously on the central front. American troops pushed cautiously ahead in their wake against no opposition. Staff officers said they were puzzled by the enemy withdrawal.

The two Red divisions Wednesday bitterly opposed Allied crossings of the Hantan river south of Chorwon. They fought from the craggy hills north of the river.

But they broke contact Wednesday night.

In history's biggest jet battle, the 80 MIGs swooshed out of Red Manchuria against 72 U. S. jets flying cover for 30 to 40 U. S. B-29 superforts. The B-29s dropped 300 tons of bombs on the vital railroad bridge across the

Yalu river between Antung, Manchuria and Sinuiju, Korea.

The American jets shot down two MIGs, probably destroyed two others and damaged 13.

A B-29 gunner brought down a third Red jet. B-29s also damaged another Red jet.

Attack With Bayonets

Two B-29s were damaged but landed safely in Korea. The others returned to their Japanese or Okinawa bases.

The second air battle flared later Thursday in the center of "MIG alley" between Sinuiju and Sinanju. In this action 15 Communist jets attacked 12 American sabre jets.

The sabres shot down two Red jets and probably destroyed another.

In the ground fighting, the Allies attacked with bayonets and hand grenades. The Reds fought back with grenades and mortar fire.

American and Turkish troops led the attack against the Red hill positions north of the Hantan river and south of Chorwon.

The stout Red line there may be the main enemy front. The Reds have built up their strength with 18 new divisions reported in North Korea.

Wage Stabilization  
Board Revision Has  
White House Stalled

By HAROLD W. WARD  
WASHINGTON — (AP) — President Truman probably will have to name a new wage stabilization board with only public membership. He is expected to act within the next 48 hours.

Those opinions were expressed today by both industry and labor leaders called to another White House meeting of the president's mobilization advisory board.

The government is under great pressure to set up a board to handle scores of disputes piling up behind the wage freeze.

Stigma On Strikes

Economic stabilizer Eric Johnston has said if labor and management cannot agree on what kind of board should supplement the one labor boycotted nearly two months ago, the president has hardly any alternative but to set up a board with only public representation.

Leaders of the united labor policy committee have stood fast for weeks in favor of a board which would handle nearly all disputes as they arose.

They say that since wages are frozen and there is a stigma attached to striking during the mobilization emergency, a wage board should handle all sorts of labor-management disputes.

Management spokesmen—representing the national association of manufacturers, U. S. chamber of commerce, business advisory council of the commerce department, and the committee for economic development—were equally insistent on having a board which would handle only wage problems.

Contempt Trial  
Of Spies OpensScientists Accused  
Of Shielding Reds

WASHINGTON — (AP) — The first of several scientists indicted for refusing to answer questions during an investigation into atomic spying goes on trial today.

The scientist, Dr. Clarence Hisey, suspended professor at Polytechnic Institute, Brooklyn, is charged with contempt of Congress.

Hisey's name figured in an investigation of atomic spying by the House un-American activities committee.

One of the counts in the indictment is based on Hisey's refusal to tell the committee last May 24 whether he knew Paul Crouch.

Crouch, who testified the same day, said Hisey was a one-time member of the Communist party in Knoxville, Tenn. Crouch also said Hisey collaborated with Marcel Scherer, described by Crouch as the national head of Communist work among scientists in 1941.

Crouch said he is a former Communist party organizer but has broken with the party. He has been a government witness in various trials.

Other disputes, the management leaders say, should and could be handled under the peacetime Taft-Hartley act governing labor-management relations.

But Mr. Truman and his top mobilization lieutenants contend that agreement is necessary before a tripartite board can operate successfully under the defense production act.

Labor, industry and the public were represented by three members each on the original wage board. Labor walked out when public and industry members outvoted them six to three in adopting a wage ceiling of 10 per cent over levels of Jan. 15, 1950.

Car Sales Tax  
Has LoopholesLeads Cost Michigan  
Around 13 Million

LANSING — (AP) — Senate investigators said today they had uncovered evidence indicating Michigan is losing \$9,000,000 a year in sales taxes on used cars.

Senator George N. Higgins (R-Ferndale), who has made a hobby of "plugging sales tax loopholes," said a total of \$13,000,000 may be escaping the state tax collectors in the auto industry combined used and new car markets.

He said the committee checked the books of 12 per cent of the state's 5,000 car dealers and in three days found 231 titles of cars which had been sold to dealers but signed in blank by the seller.

"This sets the stage for title-jumping," Higgins said, referring to a practice of skipping the sale from owner to dealer and registering the sale direct from one owner to a new purchaser, thus avoiding one sales tax collector.

Higgins estimated on the basis of the committee checks that there were 101,000 titles jumped in a year.

He also estimated that the average car salesman sells three cars a year on the side, without putting it through the books of his employer. This, he said, would account for 60,000 taxless sales.

Higgins said also that some car dealers make a practice of selling used cars for one price, but recording the sale at a lower price, thus cheating the state of sales taxes.

Michigan Pilot Dies  
In Alaska Air Crash

BATTLE CREEK, Mich. — (AP) — A Michigan man was the pilot of an ill-fated Air Force transport plane that crashed in Alaska Tuesday night with loss of eight lives. He was Capt. George H. Wood, Jr., of suburban Browlee Park.

The airforce sent notice yesterday to the wife and parents of Capt. Wood, who had made several daring glider pickup rescues but crashed in a routine maneuver of the same type.

Capt. Wood and seven others were killed in the mishap at Ladd Air Force Base, Fairbanks.

Truman Pins Peace Hopes  
On Spring Push In KoreaGen. MacArthur  
Ready To Come  
Back To U. S. A.Views To Be Aired  
Before Congress

WASHINGTON — (AP) — House Republican Leader Martin of Massachusetts said today "there is a possibility" General Douglas MacArthur may fly back to the United States next week to address Congress.

By RUSSELL BRINES

TOKYO — (AP) — General MacArthur made plans today for a return soon to the United States—ready, if invited, to air before Congress the views that got him fired by President Truman.

The five-star general kept his public silence but his right hand man gave the first inkling of how staunch MacArthur's defense would be.

Maj. Gen. Courtney B. Whitney, MacArthur's closest advisor, issued a statement saying his deposed boss felt he had violated no Truman directives.

## Ridgway Arrives

Whitney himself asked release from the army so he could leave Japan with MacArthur.

"The general feels that he has complied meticulously with all directives he has received, not only recently, but throughout his entire military service," Whitney said.

Whitney earlier had announced he has asked the army for retirement from his post as contact man with the Japanese government in handling the occupation.

General MacArthur stayed away from his office today while Lt. Gen. Matthew B. Ridgway flew in from the Korean battlefronts to take over MacArthur's commands.

Ridgway arrived after turning over his U. S. Eighth army command temporarily to Lt. Gen. Frank W. Milburn. Milburn will serve until the arrival in Korea of Lt. Gen. James A. Van Fleet, veteran of two world wars and head of the American mission that advised the Greek government forces in their triumph over Communist insurrection.

## Gone For 14 Years

Whitney indicated MacArthur could be back in the United States within three weeks.

Emperor Hirohito  
Deeply Moved By  
MacArthur Ouster

TOKYO — (AP) — Emperor Hirohito was deeply moved and showed "great concern" over General MacArthur's removal, an Imperial chamberlain reported today.

Hirohito first heard the news late yesterday from a member of his court, then tuned in on a news broadcast. Later he received a full report from the grand chamberlain.

The chamberlain, Aimasu Irie, said the emperor always greatly respected MacArthur as a commander and deeply esteemed him as a man.

The two had met 10 times. The first meeting was on Hirohito's initiative, when he visited MacArthur 25 days after the signing of the surrender in 1945.

Rumor Says Army Will  
Reduce May Draft Call

WASHINGTON — (AP) — There were strong but unconfirmed Pentagon rumors today that the army will reduce its May draft call. They stemmed from a selective service announcement yesterday that draft boards had been advised to delay induction plans for that month.

The army cut its April draft call from 80,000 men to 40,000 on March 23.

However, many men had already quit their jobs, sold their homes and settled their business affairs in readiness for induction.

Commerce Secretary  
Summoned Into Court  
On Contempt Charges

WASHINGTON — (AP) — The U. S. court of appeals today postponed its contempt of court charges against Secretary of Commerce Sawyer and nine others, but denounced their conduct.

Sawyer, Attorney General McGrath, and other high government officials sat silently for more than an hour while the court criticized the government's part in litigation over a big steamship company.

Sawyer and other officials who have been cited for criminal contempt were directed to come back April 23 to "show cause" why they should not be adjudged guilty.

In delaying the proceedings, the court acted on a tacit suggestion by Chief Justice Fred M. Vinson, who McGrath said would welcome more time to study two pending government applications.

Appeals Judge E. Barrett Prentiss said:

"Considered upon the plane of high policy and principle, we have the spectacle of a government which proclaims its adherence to law as the governing force among men, not only refusing for six years to submit to its own courts its claim to private property derived from a purely commercial transaction, but endeavoring by every device to thwart and defeat the judgment of those courts after it has been rendered."

The court of appeals has directed that 92 per cent of the American President Lines voting stock be delivered by Sawyer to the R. Stanley Dollar steamship interests. The citations were based on the failure of government officials to comply with this order.

Sawyer and eight other defendants were in court. Only Maj. Gen. Philip B. Fleming, undersecretary of commerce, was missing. He is ill.

Sawyer, so far as available records show, is the first cabinet member ever to be cited for contempt of court because of official acts.

Challenged by Democrats to explain the rejection, Senator Edward Hutchinson (R-Fennville), chairman of the Senate business committee which recommended rejection, said:

"Mr. Scholle has announced that he would never support a Republican, regardless of his liberality, integrity or ability. As a Republican, I cannot support Mr. Scholle."

Republican strategy reportedly is to chop off a series of top Williams' appointees as a hint to the governor that the G. O. P. wants Donald B. McLouth of Detroit and Dr. Edward A. Ward of Saginaw, and possibly other Republicans, reappointed. McLouth is a member of the state conservation commission and Dr. Ward of the Mackinac Island state park commission.

Mrs. Margaret Price of Ann Arbor, member of the Mackinac Island park commission, and John R. Dykema, of Detroit, new state corporations and securities commissioner, are in line for the axe.

Detroit Mother  
Tells Truman Off  
Over Telephone

DETROIT — (AP) — A Detroit mother says she called up President Truman on the telephone to give him a piece of her mind on Gen. MacArthur's firing.

Mrs. Edith Scott, 40, who has a son in the army, said she got the president on the line at 2:30 p. m. (EST.) yesterday.

The White House said in Washington, however, that she talked to a woman secretary in the office of presidential secretary Matthew J. Connelly and not with the president. Mrs. Scott could not be reached for comment on this.

## President Just Listens

"I told him I thought all this stuff about Gen. MacArthur was just a lot of politicians' stuff," Mrs. Scott said.

She said that President Truman listened to her without interrupting and then promised "I'll see what can be done."

Mrs. Scott said she told the president he had "made a mistake" and further demanded of him "how would you like to have your daughter in the army and maybe take my son's place?"

A Michigan Bell Exchange office here confirmed that Mrs. Scott had put a call through to the White House in Washington and that it lasted three minutes.

Wade Brown, the exchange manager, said "we backed out of the conversation" after a White House secretary had answered.

In a sense, Mrs. Scott's call to Mr. Truman was of the neighbor-to-neighbor sort.

Mrs. Scott said her mother went to school with the president at Independence, Mo.

"I told him," Mrs. Scott said, "that my son, Delbert, Jr., went into the army last Wednesday and that we owe it to our boys in Korea to let them be commanded by a general who knows the business, like General MacArthur."

Lansing Lawmakers  
Study Demand For  
Impeaching Truman

LANSING — (AP) — Michigan's controlling Republican lawmakers were on the verge today of demanding the impeachment of President Truman for firing General Douglas MacArthur.

The move, proposed as an attachment to a resolution condemning the President's action was under study by a senate committee. The impeachment demand was favored by Senator Donald W. Gilbert (R-Saginaw).

People Want Facts

Gilbert, debating his proposal yesterday, said the people are entitled to a complete airing of the affair and impeachment would be the best way to do it.

Senators Harry F. Hittle (R-East Lansing) and Clarence A. Reid (R-Detroit) cautioned against haste, Reid asking for time to read newspaper editorial comment today. The proposal was then sent to the committee which planned a meeting before today's session.

Gilbert's amendments would expand a house-approved resolution to say that the President's action "raises a serious question \* \* \* whether such act constitutes adhering to the enemies of the United States and giving them aid and comfort \* \* \*"

He would ask Congress to start impeachment proceedings on the grounds of treason.

Policy Aimed  
At Preventing  
World War IIIVindication Sought  
For Firing General

By JACK BELL

WASHINGTON — (AP) — President Truman has pinned high hopes for peace—and vindication for firing Gen. Douglas MacArthur—on the crushing of a threatened Communist spring offensive in Korea.

Mr. Truman told the nation in a radio and television talk last night that he relieved MacArthur of his Pacific commands because the five-star general disagrees with his policy aimed at preventing the Korean fighting from spreading into a world war. Less than 22 hours had elapsed since the announcement of the picturesque general's dismissal stirred this nation and the rest of the free world.

## Bombing Too Risky

"We do not want to see the conflict in Korea extended," the president said solemnly and firmly. "We are trying to prevent a world war—not to start one."

Mr. Truman said that the bombing of Red bases in Manchuria and the use of Chinese Nationalist troops from Formosa—both advocated by MacArthur—would involve "a grave risk of starting a general war."

Then he made it clear he believes that if a threatened mass offensive by the Communists in Korea is crushed, the Reds may

Reefers Given  
Detroit GirlsTaxi Driver Freed In  
Marijuana Binge

DETROIT — (AP) — A recorder's judge hinted today at an investigation into the acquittal of a taxi driver accused of furnishing marijuana to two teen-aged girls.

Robert Remson, 35-year-old defendant, was freed yesterday.

But the mother of one of the girls said she heard four members of the jury arguing later that he should have been found guilty.

Calling the verdict "outrageous," she said she would protest to Judge Gerald W. Groat.

Judge Groat said there would be an investigation if the facts warranted.

According to testimony in the trial, the two girls met two Chicago musicians, Eldeen McIntosh, 22, and Leo Blevins, 25, at a Detroit theater some months ago. The girls said they went in Remson's cab to a party with the two men. They testified they were raped at the party and received marijuana cigarettes from Remson.

McIntosh is serving a 90-day prison term on a charge of contributing to the delinquency of a minor. Blevins pleaded guilty to statutory rape and will be sentenced April 24.

## Propose \$200,000 Bond For New Wells Schools; Goes To Voters Monday

Voters of Wells township Monday will go to the polls to adopt or reject a \$200,000 school bond proposal that, if carried, will finance the construction of two new township schools.

Construction of schools at Pine Ridge and Wells is necessary to relieve present over-crowding and assure safe and healthful conditions for the children, according to the Wells township district board of education.

Remodeling or repair of the present buildings is not recommended by the state department of public instruction, the board has been advised.

**Submit Two Ballots**  
The polls will be open from 10 a. m. to 8 p. m.

Two ballots will be received by the voters, each requiring a Yes

or No vote. They are as follows:  
Shall the Wells township school district borrow up to \$200,000 to erect and furnish a school house at Pine Ridge and a school house at Wells?

Shall the school tax limit be increased to permit the levying of additional millage to retire the bond issue within a period of 20 years?

**Pine Ridge First**

While the voters of the township are asked to pledge 9 mills for 20 years toward retirement of the proposed bond issue, the actual spread is figured at 6 mills with retirement of the bonds in 14 years on the present valuation, said the school board. The 9 mill pledge is necessary and is required for the protection of the holders of the proposed bonds.

First school to be replaced if the bond issue carries is that at Pine Ridge, with a new building at Wells to follow.

The board of education has accumulated \$15,000 as a building site fund to supplement the construction cost.

All qualified electors in Wells township may vote on the proposal to increase the tax rate, but only electors who are owners of property assessed for taxes in the Wells township school district may vote on the proposition of borrowing and issuing bonds.

**Enrollment Going Up**

Rooms in the present Wells schools are over-crowded, with 45 to 55 pupils occupying each room. The state recommends the number of pupils per room not exceed 25 to 30.

The present school building at Wells, built 75 or more years ago, is beyond repair, the board has been advised by contractors.

Wells township has in recent years experienced a boom in home building and expansion of industries, resulting in an increase in school enrollment.

Average number of school student membership in 1945 was 404. This has increased to 487 last year. Anticipated enrollment for the future is an average of 25 to 30 students per year, according to the 1950 school census.

**The Building Plans**

In preliminary studies of the proposed school building program, the board of education estimates the new school at Pine Ridge will cost about \$70,000.

It would have two class rooms, a lunch room, kitchen, boiler room, rest rooms, hallway and equipment. The \$70,000 estimate includes the building completed and furnished.

The proposed school at Wells would have six class rooms and the estimated cost is \$154,000. It also would have a lunch room, kitchen, boiler room, rest rooms and be completely equipped.

Joseph Whitney is president of the Wells board of education, Joseph Dufour is secretary, Clarence Sundquist treasurer, and Joseph Berube and Earl Iverson are trustees. Lawrence Klug is superintendent.

## Two Nurses Receive Field Training At Health Department

Field training in public health nursing is being provided two graduate nurses by the staff of the Delta-Menominee health department, one of 12 departments in the state authorized to give such training.

The nurses are given University credit for their work while here and upon completion of their training here and at University of Minnesota will be graduated with Bachelor of Science degrees in Public Health Nursing, said Dr. William C. Harrison, health department director.

Miss Elizabeth Ezell, graduate of Southern Baptist Hospital, New Orleans, is taking a three-month field training experience here. Following her graduation from University of Minnesota she will return to Louisiana, where she was a health staff member previous to her university training.

## Gardening Club Organized Here

Next Meeting Will Be Held April 18

Garden enthusiasts, under the sponsorship of the adult education program held their first meeting Tuesday evening. It is the first time an effort, to draw all garden minded Escanabans together into one club has been attempted and the results are gratifying.

Twenty-five hobbyists attended the meeting at the junior high school. Each member was called upon to identify himself and give his garden preferences. Group discussion on what they would like to accomplish at future meetings was held and possibilities were decided upon.

Vernon Ihlenfeldt advised that speakers would be available from different sources such as the Chatham Experimental station, Michigan State college, Lansing, and the University of Michigan, Ann Arbor. A large variety of educational films are available from University libraries and commercial companies, also bulletins from Agricultural agents and the United States Department of Agriculture.

Two films were shown at the first meeting. They were "The Iris Family" and "Plant Growth".

Parke Swayer was elected chairman, W. P. Schuldes, vice-chairman and Mrs. Thomas Kristo, secretary-treasurer.

The group will meet the first and third Wednesday of each month in room 107 at the junior high school at 7:30 p. m. The program committee, appointed by the chairman, are Mrs. John Lucke, John Landon and Vernon Ihlenfeldt.

The next meeting, April 18, is open to anyone who wishes to join. Both flower and vegetable gardeners are urged to attend.

Those who attended were as follows: M. L. Council, John Horney, Mr. and Mrs. Fred Benette, Parke Saker, Leslie Olson, Fred Hoyer, W. P. Schuldes, Miss Marion K. Groos, Mrs. Dona Durancieu, Miss Esther M. Palmer, Mrs. Peter Groos, Mrs. Roy Olson, Mrs. Tom Kristo, Mrs. Victor Nelson, Mr. and Mrs. John Pearce, Walter Nelson, Roland Baldwin, Mrs. Roy Baldwin, Mrs. William Warrington, Mrs. John Lucke, and Stanley Leishman.

## Brampton Girl, 12, Rescues Boy From Flooded Days River

The courage of Philomine LeMire, 12, of Brampton, is credited with saving Gerald Beauchamp, 10, from drowning in the flooded Days River last Sunday when he plunged from his bicycle into the water.

The story was revealed today by friends of the girl, daughter of Mr. and Mrs. Joseph LeMire of Brampton.

Gerald Beauchamp, riding a new bicycle on M-35, struck the Days River bridge abutment, plunged over the handlebars and into the river. The river was high and the water racing along in spring flood.

Philomine was riding behind Gerald and saw the accident. Leaping from her bike she ran downstream along the river bank for about 75 feet before overtaking Gerald, who was struggling in the icy water.

Without hesitating the girl waded into the water, clinging to the branch of a tree to keep from being carried away, and caught hold of the boy as he floated within reach.

Gerald is the son of Mr. and Mrs. Paul Beauchamp of Brampton.

## Damaged Sugar To Be Refined

Menominee Company Plans Special Run

MENOMINEE, Mich.—Superior Sugar Refining company will conduct a special out-of-season refining operation in the next 30 days to re-refine much of the 41,000 (100-lb.) bags of sugar damaged in the fire on March 24 which gutted the plant's No. 1 warehouse, it was reported today by Superior Manager John A. Sargent.

The operation could get started within two weeks except for delay in receipt of paper bags needed for packing the reprocessed sugar. Sargent reported between 130 and 150 men will be employed in the special run in which only the sugar department of the plant will be in operation. During beet slicing, more than 300 persons are employed.

The re-refining process will be similar to that used in re-refining raw cane sugar and once completed the sugar will be as pure and of as high quality as that processed at beet-slicing time.

How many of the 41,000 bags which were damaged by fire, water and smoke can be salvaged will not be determined until re-refining operations get under way, said Sargent.

Scales and other factory equipment damaged in the fire are under repair and will be ready for use when the processing operation starts. Some of the equipment damaged in the fire are under repair and will be ready for use when the processing operation starts. Some of the equipment damaged in the fire are under repair and will be ready for use when the processing operation starts.

## Smelt Run Starts In Sturgeon River

The smelt are running!

The silvery fish were dipped in large numbers from the Sturgeon river at Nahma last night. Conservation Officer Hugh Fisher reported the spawning run started at 8:30 p. m. and continued until late in the night. Fishermen were getting several smelt with each dip.

Andy Schwartz, Wells commercial fisherman, who is usually the first to catch smelt in the Escanaba river, went dipping last night and caught only three. He said the condition of the smelt indicated they would begin spawning soon, and predicted a good run by the weekend if warm weather continues.

der repair and will be ready for use when the processing operation starts. Some of the equipment was shipped as far as Rocky Ford, Colo., and Oswego, N. Y. for repairs at plants where it was manufactured. The sugar elevators and bins in the plant are also under repair but repairs to the warehouse, the interior of which was badly damaged will be deferred pending removal of the sugar to be re-refined.

## School Budget Approved Here

\$628,631 Estimated

Total For 1951-52

Upping its salary schedule for the coming year to meet competition from other school districts, the Escanaba board of education last night adopted a 1951-52 proposed budget of \$628,631, an increase of \$54,934 above the current year.

Beginning teachers in Escanaba public schools will in the coming year receive \$2,700 and the rate of increase for experience will be more rapid under the new salary schedule. Starting salary for teachers under the old schedule was \$2,600.

The Escanaba school system will end the year without surplus, largely because of salary adjustments made to meet cost of living needs during the present year.

**More Local Revenue**

In the 1950-51 year \$32,000 more revenue than was anticipated was received by the district in state aid. Slightly more than 75 per cent of this total, or \$23,750, is being paid out in cost of living adjustments.

The new salary schedule adopted by the board last night includes all anticipated revenues for 1951-52 and no additional cost of living adjustments are contemplated in the year ahead.

The budget estimate for the ensuing school year will require the levying of \$116,471 in local taxes to bring income sufficient to meet budget needs.

**Elect Trustees June 11**

An Escanaba school millage allocation slightly higher than last year is expected to be requested of the county tax allocation commission when it meets in May. The Escanaba city schools last year were allocated 7 mills. Trustee C. Gust Peterson was named to represent the board on the allocation commission.

In other business before the board contracts were approved for seven teachers and a school calendar was approved for the coming year.

Preparations were made for holding an election June 11, when two trustees of the board of education will be elected in Escanaba. Trustees whose terms expire June 30, 1951, are Dr. Fred Hinn, board chairman, and Harold Crebo.

The board adopted a motion approving a three-week vacation for all school employees who are on a 12-month basis and have served 15 years.

## Francis Lewis Heads Eagles

Francis Lewis was elected president of the Eagle Aerie 1088 at the annual business meeting held at the club rooms. He succeeds Jack Landre. Other officers named for the new year which begins in June are: Darwood Anderson, vice president; Milton Lueneburg, chaplain; Charles Johnston, treasurer; Wellington Hinz, secretary; Edward Gravelle, sr., inside guard; Ray Bero, outside guard.

## Marquette Will Get Veneer Mill

### Petoskey Men Buy Tract Of Land

MARQUETTE, Mich.— Announcement of the sale of 10 acres of land in northwest Marquette to three Petoskey men, who will form a veneer manufacturing company here, was made today by officials of the Ajax Lumber Company.

Purchasers are Ernst and Theodore Manthei and Herbert Trier, who are associated with the Manthei Brothers Company, of Petoskey. They reportedly plan construction of buildings at the Marquette site within two or three weeks.

In announcing the sale, for an undisclosed sum, M. K. Reynolds, Jr., and E. S. Bice, president and vice-president, respectively, of the Ajax Lumber Company, emphasized that the transaction will mean an additional industry for Marquette.

"Only part of our property has been sold to the Petoskey men," they said, "and the Ajax Lumber Company will continue its sawmill and will continue to engage in the manufacture of logs on its present location."

The present Ajax sawmill is located at the west end of the original property of the company.

The property sold includes the old mill site, where the old Ajax sawmill was destroyed by fire in April, 1947. It is adjacent to County Road 550, near the south arm track of the Duluth, South Shore & Atlantic Railroad Company.

## Michigan Symphony Band At Junior High Tonight

The famed University of Michigan Symphony band, directed by William D. Reveill, will present a concert tonight at 8:15 at the William W. Oliver auditorium in the junior high school.

The band, which is sponsored here by the University Alumni club, played for a clinic of high school musicians this afternoon.

Tonight's program will be opened with a march, "The Pilgrim" by Lake Gagner's overture, "The Queen of Hearts," will be followed by Handel's "Water Suite."

"Rose Bowl Echoes" The band's cornet trio will be featured in Goldman's "Echo Waltz" for the next number. Members of the trio are Charles Kirsch, of Ann Arbor, first cornetist; Graham Young, of Chicago, second

cornetist; and Marvin Andersen, of North Muskegon, third cornetist.

A symphonic poem of Saint-Saens, "Phaeton," will inject Greek mythology into the program. This work depicts the wild career of Phaeton, son of Apollo, as he attempts to take his father's place as driver of the chariot of the sun. The concluding number for the first half of the program will be Morrissey's suite, "The French Quarter," which puts to music the charm and beauty of this famous section of New Orleans.

Bach's magnificent "Tocatta and Fugue in D Minor" will open the last half of the evening concert. Gould's "American Salute" and Olivetti's "National Victors" will inject a march tempo into the

concert. A scenario from the successful Broadway musical comedy, "South Pacific," and "Rose Bowl Echoes" will conclude the program. The "South Pacific" number was arranged by Floyd Werle, a member of the band now in the U. S. Air Force.

"Rose Bowl Echoes" is a combination of Michigan and California tunes to recall Jan. 1, 1951 when the Michigan Marching Band performed in the Rose Bowl game at Pasadena.

## Voice Support To Supt. Wood

### Confidence Voted By Munising Teachers

MUNISING — H. A. Wood, superintendent of schools, has been given a letter of appreciation and confidence by the Munising Teachers' Club, it was announced today by Joseph Rousseau, club president.

Supt. Wood has been the subject of criticism by the Munising Township board of education in connection with the operation of the Veterans Institute, sponsored by the school board. The Veterans Administration has made a claim for reimbursement of funds, and after an investigation the board announced it will not renew the contracts of the school superintendent and high school principal.

The letter of the Teachers' Club to Supt. Wood signed by 39 teachers, is as follows:

"We, the undersigned members of the Munising Township Teachers' Club, desire to express to you a vote of confidence for your many years of efficient and faithful service as our superintendent of schools, and for your untiring efforts on our behalf in maintaining professional standards, in securing salary adjustments, and in promoting relations between the administrative and teaching departments.

"We assure you of our appreciation of your integrity, your interest concerning the welfare of your teachers and our schools during the past twenty-six years and of our continuing good wishes for you and your family.

"A copy of this letter is being sent to the Munising Township Board of Education, to the Munising News, the Marquette Mining Journal, and to the Escanaba Daily Press."

## British Admiral Charges 'Lack Of Cooperation'

By ROBERT C. RUARK  
NEW YORK—I am real interested in the memoirs of Viscount Cunningham of Hyndhope, who was first a sea lord and naval chief of staff in a tired old war we called II. Viscount Cunningham takes a solid cut at our boy Ernie King, who was the boss American Navy man at that time, charging "lack of cooperation," serious objection to Britain's participation in the naval war on Japan, and invariable opposition to the placing of American war vessels under British command in combined operations.

I've waited a long time to write at least part of the story of this one, and feel competent to do so. I'm oddly qualified. I was the press, radio, and pictorial censor, and over-all security man, for the combined operation in the Pacific in the last year of the war. This put me in the peculiar position, as a two-striper, or actually outranking fleet adm. Sir Bruce Fraser, since the British Pacific fleet was acting under our operational orders; and I was literally speaking for Adm. Nimitz.

It was the meanest job I ever

tackled, although some aspects were pleasant. It was pleasant to live in Melbourne and Sydney, in Australia, after more than two years of ships and islands. It was pleasant to have the power of veto over an admiral, and it was real nice to have a couple of cars to drive and a little nourishing booze to drink and a nice apartment to live in.

### Japs Beat British

But the job was rough, because it was a public relations war at the end, pure and simple, there had been a high-level agreement between Franklin D. Roosevelt and Winston Churchill, to the effect that the British would be allowed to horn in on the final unravelling of the Pacific war. This was merely to re-establish lost prestige by allowing our gallant allies in on the kill, because the Japs had bashed up the British Navy pretty terribly at the start of the war.

Admiral King did not need, or want, the British in on the final coups de grace. We had the Pacific war won when Adm. Fraser's forces completed the Pearl Harbor agreement in December of 1944. England's navy didn't actually get going until spring, and achieved very little. We gave them a sidebar operation, I remember, at something called Sakashima Gunto, where they lost more sea-fires operationally than in combat.

Britain was not at that time well equipped for a carrier war. The Seafire, a seagoing version of the Spitfire, was too hot a vehicle for carrier use. The steel flight decks of the English carriers turned the vessels into floating furnaces. We had foul-ups all around on supplies, on bases, on fleet movements. And we had the solid opposition of Ernest J. King to a deal between Churchill and Roosevelt.

### Publicity War

Since it was largely a publicity war, shaped to show the flag and prove that Britain had bounced back, Adm. Fraser's forces stopped at very little to prove points. One time Fraser overruled me on the efficiency of the Kamikaze, or suicide pilot, against the steel

## Aspen Diseases Receive Study

### Wood Is Important To Paper Industry

OSHKOSH, Wis.—Aspen, a wood formerly lightly regarded by pulp manufacturers, through research has become one of the more important species for both sulfate and groundwood pulp in the Lake States. Because of its new importance, foresters and silviculturists have come to pay particular attention to conditions affecting its growth among which in many locations is the prevalence of hypoxylon canker.

decks of the British carrier. A flock of pictures were published, showing the Kamikazes being swept off the tough flight decks of His Majesty's carriers, with the result that the Japs started to aim their planes at the vulnerable bridges, where the high brass lived, and switched over to the tender wooden decks of the Yanks, with considerable effect.

We actually were embarrassed by the British in the windup of the Pacific war. Their presence may have been needed, politically, but physically they were more hindrance than help. They came out with massed, if clumsy, might, at a time when our subs were cruising around on the surface, shooting up sampans, for lack of bigger game. What their presence cost us on a lend-lease basis I couldn't start to say. What they cost me in headaches, and imminence of courtmartial, as the Patsy in a private feud between Adm. King and the administration I still don't like to dwell on.

Viscount Cunningham calls Adm. King "ruthless" and "not easy to get on with," and I agree, because the admiral was ever a salty seadog. But the British Pacific fleet was not the easiest cup of tea to balance either, nor was it fun to be a low-ranked referee in a cat fight between titans. In the Pacific, the British had the role of the man who brought his harp to the party, and nobody asked him to play—not good, anyhow. But the Americans paid the union scale for harpists.

A research committee headed by Bruce Buell, Northern Paper Mills, Green Bay, Wis., has been directing some intensive study during the past two years.

Analysis to date indicates no decided connection between canker incidence and usual forest factors that can be utilized in establishing corrective treatment. Proof that prevalence of canker does diminish with the increased stocking of aspen, however, indicates that well-stocked stands tend to reduce the disease along with improvement in sites. Several prominent pulp and paper manufacturers interested in this study are establishing sample plots to be checked periodically throughout coming years and the work will be augmented by studies by Dr. Riker of the University of Wisconsin.

### Body Of Aged Melstrand Man Found Near Camp

MUNISING—The body of Ed Jolly 85, a resident of the Melstrand area the past 43 years, was found Wednesday morning near the Petrel road (near Melstrand) by Mrs. Luke Watson, a neighbor. Alger County Coroner Joseph Lambert said that death was presumably due to heart trouble.

Jolly was last seen Tuesday afternoon when he called at Melstrand. The trail where the body was found led to his camp.

Born in Fayette May 18, 1864, Mr. Jolly lived in Nahma until 1908, when he moved to Melstrand. A niece, Mrs. Lea Birchen, of Escanaba, survives.

The body was brought to the C. F. Beaulieu funeral home here.

Arrangements for the funeral are not completed.

## Airport Project Plans Reviewed

### Runway Widening Being Planned

Technical details of the city's airport development project were discussed by city officials and a representative of the state board of aeronautics this morning at the city hall.

City Manager A. V. Aronson and City Engineer Loren Jenkins conferred with Airport Engineer Hamelin of the state aeronautics office.

Slight revision of the project proposal is being considered to facilitate clearance of the project with the civil aeronautics board.

Work on the project is expected to be done next summer. The runway will be widened and night lighting installed.

## Chinese Nationalists Spending Millions On Formosan Industries

WASHINGTON — (AP) — Dr. Raymond T. Moyer, head of the Economic Cooperation Administration (ECA) mission to Formosa, said today the Chinese Nationalist government has spent \$29,600,000 "of its own (earned) U. S. dollars" to build up electric power, railways and industries in the island stronghold to which it fled after defeat by Communist forces on the Chinese mainland.

Outside aid from ECA and the United Nations relief and rehabilitation administration, for the same purposes, equalled \$2,300,000, Moyer said. He added that "a gradual and steady reduction in outside aid should be possible after 1951."

## Casualties In Korea Total 59,396 For U. S.

WASHINGTON — (AP) — Announced U. S. casualties in Korea reached 59,396 today, an increase of 846 since last week.

The total includes 8,941 killed in action, 39,500 wounded and 10,855 missing. It represents casualties whose next of kin were notified through April 6.

Of the wounded, 1,040 subsequently died and 99 of the missing are known dead, raising the total combat death figure to 10,080.

The figure on missing also includes 1,109 who have since returned to U. S. control and 113 known to be prisoners of war, leaving 9,544 currently missing.

## Life-Sized Portrait Of Sigler Will Be Presented In Lansing

LANSING — (AP) — A life-sized portrait of former Governor Kim Sigler will be presented to the state May 2.

George R. Averill, former executive secretary to Sigler, said the portrait would be presented at a ceremony at 11 a. m. in the Capitol attended by legislators, state officials, Sigler and Governor Williams.

## Mantle, Yank Rookie, Awaits Draft Fate

TULSA Okla. — (AP) — Mickey Mantle, the New York Yankees' prize rookie, probably will know by the end of the week whether he's headed for army service or a major league baseball career.

The 19-year-old outfielder went through a pre-induction physical examination yesterday.

But even if he's reclassified from his present 4-F status into an eligible bracket, it'll be months before he's inducted, draft board officials have indicated.

Mickey originally was classified 4-F because of a leg bone ailment. The leg pains him only when wrapped tightly or when it gets considerable use, as in a double header, Mantle said.

"I'll play baseball for the army or fight for it, whatever they want me to do," the rookie said. "But if I don't go into the army, I want to play baseball."

Results of his pre-induction physical are being sent from the examining center here to his Miami, Okla., draft board.

### ESCAPES DEATH

BOSTON — (AP) — Arthur V. Garrett, 21, recently signed by the Cleveland Indians baseball club, escaped with minor injuries last night after his car broke through a bridge guard rail and plunged 20 feet to a landing float in the Charles river. A former star first baseman with the Malden Catholic high school team, he has been assigned to the Shawnee club of the Sooner state league in Oklahoma.

### RESUME TONIGHT

PITTSBURGH — (AP) — Pittsburgh and Cleveland, tied at one game each in the American hockey league Calder cup playoffs, resume action tonight at the Gardens. Cleveland evened the seven-game series Tuesday night, nipping the Hornets 5-4 in the final 13 seconds. Pittsburgh copped the opener 3-2 in an overtime.

Charles Chaplin, film star, once was a pupil at the Cuckoo school of North Hanwell, Middlesex, England.

## Bourbon Helps Bring White House Treason, Sen. McCarthy Claims

MILWAUKEE — (AP) — The Milwaukee Journal today quoted Sen. McCarthy (R-Wis.) as saying that "treason in the White House" has been accomplished by "Bourbon and Benedictine."

McCarthy asserted, according to the Journal, that the "treason" was accomplished by men who

decide that further aggression there or elsewhere is "folly." Then, he said, the door would be open to a peaceful settlement "which will not compromise the principle and purposes of the United Nations."

"Defeat of aggression in Korea may be the turning point in the world's search for a practical way of achieving peace and security," the president predicted.

### Country Split

Any such outcome, of course, would be pointed to by the president's friends as justifying his drastic action in removing MacArthur, a move that split congress and the country into two camps.

In Tokyo, an adviser said MacArthur is preparing to return speedily to the United States and to make a stout defense of his views. Lt. Gen. Matthew B. Ridgway arrived in Tokyo from Korea today to take over. MacArthur did not meet the plane.

His adviser, Maj. Gen. Courtney Whitney, said MacArthur feels that his March 24 statement offering to meet the Communist commander in the field for peace talks and a letter to Rep. Joseph Martin, House Republican leader, "complicated matters with all directives he has received."

### Orders Disregarded

Both were mentioned in a White House memorandum as indications that MacArthur refused to comply with presidential orders. The letter to Martin endorsed use of Chinese Nationalist troops.

Whitney said MacArthur interpreted both as "dealing exclusively with the military situation and within the area of his uncontested authority to speak."

Mr. Truman's outline of his policy of containment brought sharp counter attacks from Republicans in Congress, Democrats, who had been somewhat reluctant to join in the controversy earlier, rallied to the president's support.

Senator Wherry of Nebraska, the Republican floor leader, said bitterly that "apparently the president is willing to gamble with the lives of our boys in Korea in the hope that the Russian-directed Communists will see the folly of their ways."

"We have heard President Truman's weak defense of his shabby treatment of MacArthur," the Nebraska Senator said. "Now let us hear directly from General MacArthur."

### Willing To Appear

Wherry and Martin have resolutions pending to invite MacArthur to address Congress. The House Rules committee will take up Martin's proposal tomorrow but Wherry's resolution appears likely to be blocked in the Senate for some time.

MacArthur expressed his willingness to appear before Congress in a trans-Pacific phone conversation yesterday with Wherry and Martin. But Democrats moved to block any joint session. Senator Kerr (D-Okla.) said MacArthur's appearance should be confined to testimony before a committee, where he would be subject to questioning.

The five-star general found himself in sharp demand. A lecture hall had an honorary connection called him an offer of a "million dollar" lecture tour.

San Francisco, Sioux City, Iowa, and Milwaukee, Wis., all invited him to speak. The odds were that the general would make his principal speech at an unpaid one-to-one, if not all, members of Congress.

### WILLIAMS PRAISES 'TALK'

LANSING — (AP) — Governor Williams today telegraphed President Truman his congratulations for his "statesman-like" address to the people last night.

"I wholeheartedly support your policy of limiting the war as long as possible and using all honorable means to avoid World War III," Williams said. "I believe the people of Michigan are with you in that objective."

In a press statement, Williams said:

"The underlying issue is whether we shall risk starting World War II or continue a limited war in Korea. In view of this question, it is a sad thing that efforts are being made to turn the MacArthur incident into a partisan, political issue.

"The legislature's actions censuring the President constituted a regrettable example of this. I do not believe the resolutions introduced in the legislature represent the opinion of the people of Michigan."

knew how "to get the President cheerful," and that the dismissal of Gen. MacArthur by the President is "a Communist victory won with the aid of Bourbon and Benedictine."

The Wisconsin senator, according to Journal Reporter Robert Fleming, made the statements Wednesday night in a speech before nearly 600 members of the Wisconsin Retail Furniture Dealers association.

Fleming said that in an interview before the speech he asked McCarthy whether he believed that President Truman should be impeached. Fleming said McCarthy answered:

"The \_\_\_\_\_ should be impeached, but on the other hand he's not important. It's the crowd around him that causes the trouble."

The Journal quoted McCarthy's speech as follows:

"This is a black day, one of the blackest in the history of this country. A day in which America and all western civilization suffered a tremendous defeat and the Communists, home made and foreign made sustained a great victory, a victory achieved with the aid of Bourbon and Benedictine."

McCarthy said the record showed that "the pals of Alger Hiss, are still running the state department."

## Argentine Decrees Death Of Independent Newspaper La Prensa

BUENOS AIRES — (AP) — La Prensa, unrelenting critic of President Juan D. Peron, neared the end today of its 82-year existence as an independent newspaper.

The Senate, made up entirely of supporters of Peron, appeared certain to follow the chamber of deputies today in voting expropriation of the newspaper, already closed down since January by government-supported moves.

The chamber approved expropriation last night, 103 to 16. Senate passage of the bill would send it to Peron for his signature and a decision whether to re-open the newspaper as a government organ or to liquidate it.

Peron last night renewed his attacks on La Prensa in a speech before a convention of the General Confederation of Workers (CGT).

## No Job, But Gen. Mac Still Gets \$18,761

WASHINGTON — (AP) — General of the Army Douglas MacArthur, despite being relieved of all his commands, will continue to draw his full pay and allowances and will be subject to orders of his military superiors until he dies.

Officers of five-star rank are never retired. Their salary mounts to \$18,761 yearly. This includes base pay, quarters and subsistence allowances and a personal allowance of \$5,000 a year, which only five-star officers draw.

## Traffic At Straits Set For New Record

LANSING — (AP) — Traffic across the Straits of Mackinac this year may set a new record, the state highway department indicated today.

It reported that traffic in the first three months of the year was 12,000 vehicles or 36 per cent above the same period last year. In 1950, traffic across the Straits was only slightly under the previous record in 1949, even though the 1950 summer was "cold."

## Mighty Mo Returns From Korean Combat

LONG BEACH — (AP) — The Mighty Mo, America's biggest active battleship, is due home today (1 p. m., EST) after six months of combat operations in the Far East. The USS Missouri, whose guns pounded Red strongholds along the Korean coast, will dock at Long Beach naval shipyard and receive a welcome from public officials headed by Gov. Earl Warren.

## Reverted Lands Up For Auction

### Delta Plots Go On Sale May 8

Eight platted lots and 3,084 acres of state reverted lands in Delta, Menominee and Dickinson counties will be auctioned by the state conservation department at Iron Mountain May 8 at 10 a. m.

They are part of the more than 3,000 acres and 2,113 platted lots in 34 counties of the state which is being offered at public auction throughout the state early in May.

The department's lands division lists 263 tract-reverted descriptions with minimum appraisal prices ranging from \$5 to \$500. Detailed description sheets can be obtained from county treasurers.

Auction schedule at other Upper Peninsula county courthouses:

May 9 at 9:00 a. m., CST, at L'Anse, 2,042 acres and two lots in Houghton, Marquette, Ontonagon and Baraga counties;

May 10 at 9:00 a. m., CST, at Newberry, 1,852 acres and two lots in Alger, Chippewa, Mackinac, Schoolcraft and Luce counties.

## Mac Taking \$100,000 Remington Rand Job, Chicago Paper Says

CHICAGO — (AP) — The Chicago Daily News said today it has learned that Gen. MacArthur will take a \$100,000 a year job with Remington Rand, Inc., the type-writer and business equipment manufacturer.

"The five star general, stripped of all his commands, will join the board of directors of the giant corporation and take an active part in directing its world wide affairs," the newspaper said.

The news said formal announcement of MacArthur's hiring probably will be made after a meeting of the company's board of directors tentatively set for April 24.

The newspaper said it obtained its information from a reliable informant close to the corporation.

## Rent Free When Sun Doesn't Shine Down In St. Petersburg

ST. PETERSBURG, Fla. — (AP) — Members of the St. Petersburg Apartment Home Owners Association won't charge for any day the sun doesn't shine here in May or June.

"We're going to lean over backwards on that proposition, too," says Peter Stein, Jr., association president. "The advertising in handing back a day's rent now and then should be worth more to us than the cash."

He explained the apartment owners want to call attention to the attractiveness of St. Petersburg in the months after the end of the regular winter season here and when the northern resorts come into their own.

The idea is modeled on the one popularized by the St. Petersburg Evening Independent, which gives away its early street edition if the sun hasn't come out by press time.

## One Dead, Two Hurt, In Race Of Rot-Rods

DETROIT — (AP) — A race between two 1936 hot-rod model automobiles ended in death last night for a 16-year-old boy and serious injuries to his twin brother and a companion.

Alfred Herzfeld, of Dearborn, was killed. Alvin Herzfeld and David Hamilton, 16, were hurt.

Police said Alvin was racing another car driven by Warren Browne, 16, of Dearborn township when he lost control. His car overturned.

## Church Dartballers Pick Harvey Larson

Harvey Larson has been named president of the church dartball league, succeeding Larry Erickson.

Other officers elected at the league banquet at the First Presbyterian church are Earl Haddy, vice president; Harold Lemke, secretary; and Ray Sundquist, treasurer.

The league trophy was presented to the Lutheran Red Shirts, the tournament trophy to Central Methodist, and runner-up award to the Presbyterians.

## Gen. MacArthur Ready To Return

(Continued from Page One)

he hasn't seen in 14 years. During that time he commanded the campaign in the Pacific from Manila to Melbourne, then back against the Japanese all the way to Tokyo.

Mrs. MacArthur and their son Arthur plan to go to the United States with the general. Arthur was born in Manila and all his 13 years have been lived outside the United States.

Ridgway arrived in Tokyo at 4:10 p. m. (2:10 a. m. EST).

In quitting Korea, he relinquished a field command that won him fame in the short time since he took over late last December.

Succeeding the late Lt. Gen. Walton H. Walker, who was killed in a jeep crash, Ridgway engineered an offensive that has carried the Eighth army back inside Red Korea.

## Oliver Mines Keep Up Rail Shipments Of Iron Ore To Mills

DULUTH — (AP) — The Oliver Iron Mining Co. will continue rail shipments of ore to eastern mills this summer, President R. T. Elstad said today.

The present schedule calls for movement of between 400 and 500 cars a day from the Gogebic and Mesabi ranges to U. S. steel furnaces in the Pittsburgh, Youngstown and Chicago areas and to other iron and steel producers. Oliver is a U. S. Steel subsidiary.

The "current intense demand" for iron ore for defense and essential civilian needs was given as the reason for supplemental rail movement of ore. Last year, the rail shipments of 1,500,000 tons augmented the lower-than-normal volume of lake shipments, curtailed by lake opening of the Great Lakes navigation this summer.

## Legion Honors Franco For Opposing Moscow

WASHINGTON — (AP) — The American Legion has given Spain's Generalissimo Franco the national commander's "Medal of Appreciation."

A Legion spokesman said the medal isn't the Legion's top-ranking medal of merit. The "Medal of Appreciation," he said, is the same medal given to a number of other world leaders.

The presentation was made yesterday in Madrid by George Kelly of Arlington, Va., and Herman Luhrs of Detroit, Mich. Kelly said Franco was given the award for his "long stand against world Communism."

The Legion spokesman here said that on his recent trip abroad National Commander Eric Cocke, Jr., presented similar medals to President Rhee of Korea, President Quirino of the Philippines, Generalissimo Chiang Kai-shek at Formosa, and to Count Gal-eazzi, a papal official at the Vatican.

## Auto Drivers Kill 1,607 In Michigan

LANSING — (AP) — Death drivers set a 10-year record in Michigan last year, killing 1,607 persons on the highways.

The state police said that was the worst record since 1941. Deaths rose 12 per cent, injuries 10 per cent, accidents 13 per cent over 1949, the report said. During the year, there was a daily average of 443 accidents, 125 persons injured and more than four killed.

The 1950 death rate per 100,000 miles of travel was 7.3, or two per cent over 1949, but lower than any other year on record.

## Democratic Job Sales Revealed

### Mississippi Leaders Admit Donations

JACKSON, Miss. — (AP) — Sen. McClellan (D-Ark.) says the National Democratic committee co-operated with Mississippi pro-Truman Democrats accused of selling federal jobs.

McClellan's charges came during a hearing on the job-selling charges he yesterday, after two state pro-Truman leaders admitted seeking party contributions but denied selling jobs.

The Mississippi pro-Truman leaders were Curtis Rogers, secretary of the Mississippi Democratic committee, and Clarence E. Hood, deposed acting national committeeman.

Hood was fired by the national group after the charges of job-selling were made by Senators Eastland and Stennis of Mississippi.

Questioning brought out that Hood had discussed several "personal business matters" with Maj. Gen. Harry Vaughn, President Truman's military aide; that Hood had gone to the president's patronage assistant, Donald Dawson, for help in firing acting postmasters and in appointing others; and that Hood had asked Glen Boehm, a pro-Truman contact man, to get him information on approval of federal projects in Mississippi. Boehm is a Washington industrial consultant.

## Cooperation Assured Ridgway By Japanese

TOKYO — (AP) — Prime Minister Shigeru Yoshida said in a statement today the Japanese government has assured the United States of its "determination to continue more than ever" its cooperation under Lt. Gen. Matthew B. Ridgway, the new supreme commander of the occupation.

At the same time, Yoshida paid tribute to General MacArthur and said "the memory of his benefactions will live forever in the hearts of the Japanese people."

Yoshida said his government was notified yesterday "that the retirement of General MacArthur in no way denotes or implies any change whatsoever in the consistent United States policy toward Japan or the Far East."

## Shiawassee Welfare Director Accused Of \$456 Embezzlement

OWOSSO, Mich. — (AP) — Harry Kurre, ousted director of the Shiawassee county welfare department, faces circuit court arraignment April 23 on charges of embezzling county funds.

Kurre, accused in a warrant of taking \$105 from a county hospitalization account, waived examination yesterday when he appeared before Justice Homer Bush.

He was released on \$1,000 bail furnished by his father, Fred, a New Haven township farmer.

Just before Kurre's court appearance, Auditor General John B. Martin, Jr., reported at Lansing that a state audit had uncovered a total shortage of \$456 in welfare accounts.

The body of Martin Schroeder, 20, of Rapid River, who died Tuesday at Rapid City AFB, Weaver, S. D., will be brought to Escanaba Friday night and will be taken to the Allo funeral home. Arrangements for the services will be completed tomorrow.

## Motorists Ticketed After Minor Mishap

Two motorists involved in minor traffic mishaps yesterday were ticketed by local police for driving without operator's license.

Joe Aiken, 1316 Second avenue south, driving an Escanaba Daily Press car, was ticketed as a result of an accident at the intersection of First avenue south and South 11th street. Aiken was driving west on First avenue and was hit by a car driven by Walter Wickert, 801 South 13th street. Wickert stopped at the arterial before proceeding across the street.

John G. Erickson, Lake Shore Drive, was ticketed after his car struck two youngsters on a bicycle who darted in front of Erickson's car at the intersection of Lake Shore Drive and South 10th street. The youngsters, Lanny Johnston, 711 Ludington street, and James Swank, 1005 Lake Shore Drive, were unhurt.

## Youth Bound Over In Car Theft Case

Arthur March, 19, Rte. 1, Bark River, waived examination in justice court yesterday on a charge of unlawfully driving away an automobile, without intent to steal, and was bound over to circuit court on \$500 bond.

March was arrested with two minors for driving away an automobile owned by Carl Benzing, 1416 Second avenue south. Police reported that one of the minors drove the car from the Benzing residence, but that March had driven the car on the return trip from Menominee. March also drove the car from the high school to the 300 block of South 15th street, where the car was

## Park Service Will Offer Facility

HOUGHTON, Mich. — Arrangements have been completed for the National Park Service to operate passenger service between Houghton and Isle Royale starting in June.

The Ranger II, well known in local waters, has been cleared with the Coast Guard to make three round trips per week between Houghton and Rock Harbor, carrying a maximum of 16 passengers for each trip.

This news will be well received locally and Congressman Bennett has given full recognition for his untiring efforts and wholehearted support, much of the time against severe opposition.

Locally, Alex Nelson and the Houghton Association of Commerce did yeoman service and, likewise, are entitled to share the laurels, as are Hancock and Calumet business associations.

The success of this enterprise climaxes months of intense work and is one of the forward steps taken by those interested in making the Copper Country a nationwide tourist spot.

Regarding the new service, Charles Shevlin, superintendent of Isle Royale National Park when interviewed today, said:

"This new service is the fulfillment of not only a dream of the many tourist boosters in the Copper Country but is also the realization of a hope I have had ever since I was put in charge of the Isle Royale National Park. The bottleneck of getting vacationists to Isle Royale and back has now been broken, and I feel this new service will go a long way towards establishing the Isle Royale National Park as a tourist mecca for the Midwest."

# Defense Housing Bill Zips Through Senate

WASHINGTON — (AP) — A defense housing bill, saved about in half since first presented to Congress, zipped through the Senate Monday with overwhelming approval from Democrats and Republicans alike.

Now it's up to House members to decide what to do about it. They earlier turned their backs on a \$3,000,000,000 bill asked by the administration, voting to return it to committee for further study.

The Senate measure was trimmed down to authorize only \$1,500,000,000 in government-insured mortgages for defense housing. The aim is to stimulate building of homes for defense workers and military personnel.

## Deer Starvation Toll 35,000 To 50,000

LANSING — (AP) — With the deer starvation season nearing its end, conservation department specialists are sticking to their prediction that between 35,000 and 50,000 animals will die this year.

The total, one of the worst on record, will approximate the death rate of 1947, the last severe winter.

Organized searches for dead deer are continuing in both peninsulas. Some starvations are expected for at least two weeks.

The upper part of the cat-tail plant bears the male flower; the lower section bears the female flower.

## Bishop's Fund Drive April 22

### Catholics To Give For Victims Of War

On Sunday, April 22, Catholics in Upper Michigan will be asked to sustain the work of the Bishop's Fund for Victims of War by contributing to the 1951 appeal which was postponed from the traditional Laetare Sunday, March 4, date.

"Realization of this goal," the Diocesan Director, Fr. Spelgatti, said "will mean carrying on only the fundamentals of the program of the Bishop's Fund agencies. What additional needs the agencies may be called upon to meet during 1951 no one can foretell. With the new weapons of war, however, it is almost certain that World War III should come, civilian distress will be on a far greater scale than ever experienced before."

Every possible source must be discovered and every heart appealed to if the Diocese is to meet its share of the national quota. In past years the response has been most generous, a total of \$98,736.26 being forwarded to the Bishops' Committee. This amount was raised in campaigns in 1947, 1948, 1949 and 1950.

This past Thanksgiving 15 tons of used clothing and \$264.68 in cash was also made available to the committee in response to the appeal made for the suffering in Korea, the Director revealed.

Special envelopes for church distribution have been provided each parish. Their use is warmly recommended by campaign directors.

In HIS name . . . for all HIS children, give generously, is the campaign slogan.

Small Towns Have Big Role To Play In Atomic Age Civil Defense Plans

By JACK HARR  
NEA Staff Correspondent  
CHICAGO—(NEA)—For the first time in home front defense, the atomic age has given the small town a role of major importance.  
That is the conclusion of Major Lenox Lohr, a bushy-browed, balding man who was general manager of Chicago's World's Fair and is now director of Illinois Civil Defense.  
"Illinois is a good sample state," said Lohr, "because we have a wide range of cities—everything from a major metropolis, down to tiny crossroads villages."  
Illinois also has an elaborate civil defense set-up, with headquarters in subterranean offices beneath the Museum of Science and Industry in Chicago. More than a dozen highly-trained people are on full-time call, including a retired four-star admiral, two generals, a communications expert on loan from the telephone company, and a doctor who is an expert on state hospitals.

Garden

Mrs. Charles Winter and Mr. and Mrs. Edward Thompson visited with Mrs. Eugene Johnson of Manistique Saturday.  
Melville Lent of St. Ignace motored here during the weekend returning Sunday evening with his fiancée, Miss Beverly Lester, who had been visiting her mother, Mrs. Nora Lester.  
Mrs. Joseph Farley returned to Fairport Sunday with the Henry Jacobsens to make a short visit.  
You are almost three times as likely to be killed in an automobile accident between seven and eight in the evening as you are between seven and eight in the morning.

TO PROBE MORALS—Sen. Paul H. Douglas (D., Ill.), above, heads a Senate sub-committee that will look into "federal morals and ethics." Hearings will begin about the first of May in the investigation which the senator hopes will put an end to "government at cocktail bars," and replace "diseased tissue" uncovered by Senate RFC and crime probes with "healthy, growing tissue."

The program is called civil defense, rather than civilian defense as in World War II, Major Lohr explained, because the aim is to keep big city production going after an atomic attack. He outlines this five-point role for people in smaller cities (5000 to 30,000):  
1. They must keep the highways open so that rescue teams can go into big cities and the injured can come out.  
2. Non-target cities must be prepared to participate in mutual aid and mobile support, which means that trained, organized, highly mobile rescue and relief teams must be ready to speed to disaster areas at the call of the state director.  
3. Small towns must be prepared to house the homeless, which Lohr estimated at 15,000 people for every atomic bomb dropped on a heavily populated area.  
4. In smaller cities people should learn nursing—not first aid—since their job will be to nurse radiation victims back to health. First aid is essential only in critical target areas.  
5. The smaller cities must guard carefully against sabotage. It is economically unsound for an enemy to atom bomb a small city, Lohr explained. Thus, sabotage is by far the biggest danger outside of critical target areas. A blocked highway or snipped telephone lines could paralyze rescue efforts.  
"Generally speaking," said the Major, "the point to hammer home in civil defense is that all plans must be simple and realistic. There will be no street dances or block captains such as we had in World War II. Instead we have a grim, serious effort to confront a grave national danger."  
The major job of preparedness and education of the average citizen remains to be done.  
"One of the salient points is to convince people that they must avoid panic—which can be more devastating than the atom bomb itself," Major Lohr emphasized. "But if and when the first wave of atom bombs falls, even an optimist must expect panic to be close to uncontrollable."  
"All we can hope and work for is that when the second wave comes, Mr. Average American Citizen, like his counterpart in the Battle of Britain, will be ready."

## National Leaders Pound Out Memoirs In Capital

**By MARQUIS CHILDS**

WASHINGTON —Along with cherry blossoms and the magnolia buds the literary life is busting out all over in this curious capital. Memoirs are popping up like belated crocuses and a kind of informal bourse has been set up in the Senate lobby to bid on the revelations of some of the more telegraphic senators.

It is wonderful for the literary agent the ghost writer, the publisher and the allied trades. And since official information is one of the scarce commodities in this otherwise inflated town, the public may learn something more about what is going on.

Chairman Estes Kefauver of the crime committee is telling all in a book that is being serialized in part. When he could have found time to write it is a minor mystery. The Kefauver stock is strong on the literary bourse.

Another member of that committee, Senator Charles Tobey, the New Hampshire prophet, is also signing up for a book. He will write in the tradition of the extemporaneous speeches with which he punctuated the television hearings, pointing the way to a moral and spiritual rebirth for America in the rockbound, homespun tradition of his hearth and home.

**Military Works Dominate**

The military, as is understandable in this season of crisis and conflict, dominates in the literary field, too. The big gun is the personal story of General Omar N. Bradley. That will come out in book form next month and meanwhile is appearing serially.

One may be sure that with his unflinching honesty Bradley will tell the story as straight as possible. That will include the account of the general's difficulties with the temperamental British commander, Field Marshal Viscount Montgomery. Bradley's friends say that this relationship is described in strict military terms, based on orders and communications that are a matter of record and military men, both British and American, with background knowledge will have no cause to complain.

There is the probability, however, that seeming aspersions on the mercurial Monty will be exploited by British politicians at a moment when relations between the two countries are not of the happiest. It might well serve the purpose of the conservatives who have been hitting hard at the labor government for sanctioning American admirals and American generals in key positions in the North Atlantic defense command.

**MacArthur Story Untold**

If there is real hope of a Japanese peace treaty by the end of this year, then the way may be opened for another and certainly spectacular military memoir. General Douglas MacArthur, who in his dash and drama bears some resemblance to Field Marshal Montgomery, has not told his story of World War II and its aftermath. This would be perhaps the biggest literary fish of all if MacArthur would undertake to tell in his own purple style the story of his extraordinary career. MacArthur has on his staff in Tokyo his own historians who are preparing a history of the Pacific war from the lofty MacArthur perspective. This history almost certainly will be at variance in many details with that now being published in a series of volumes by Samuel Eliot Morison who is writing of the conflict in the Pacific from the navy viewpoint.

In quite another vein is the book soon to be published by Paul Hoffman who did such a valiant and successful job supervising the spending of Marshall Plan billions. The title of Hoffman's book is "Peace Can Be Won," which has a strange and welcome sound in this era of violent alarms and excursions. Hoffman is now head of the Ford Foundation, supervising the

## Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's gives happy relief from these discomforts—helps the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## Why Thousands Say "FEEL FINE, thanks TO Dr. Peter's KURIKO"

When you feel out of sorts, nervous and suffer from headaches, gas, bloating, indigestion and lack of appetite, which may all be due to constipation—get prompt, pleasant relief with Dr. Peter's KURIKO, the time-tested laxative and stomachic.

Its amazing effectiveness is due to a scientific formula which combines 15 (not just one or two) of nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 50 years.

Gently and smoothly KURIKO puts sluggish bowels to work and aids them to eliminate clogging waste matter; helps expel constipation's gas, gives the stomach that comforting feeling of warmth. Be wise—for prompt, proven pleasant relief from constipation's misery—get Dr. Peter's KURIKO today in your neighborhood.

than has been disclosed thus far about the espionage committed by the two Rosenbergs, Julius and Ethel, now under sentence of death, and their co-conspirator, Morton Sobell. Hoover has spine-chilling details of this fearful crime that has for the first time in American history drawn the death sentence for espionage from a civilian court.

President Truman last week smarted from the work of memoirists. One was Jonathan Daniels, North Carolina publisher and Democratic national committeeman, who stoutly defended his right to report the president's views on how to reform Congress. The other was John Hersey who also reported a presidential conversation in an intimate profile. But the president may have his

**Bark River**

BARK RIVER—Eleanor Derogher, daughter of Mr. and Mrs. Fred Derogher, observed her 15th birthday anniversary at a party at the home of her brother, Francis, Wednesday evening. Twenty friends and classmates attended. An evening of games, singing and dancing was enjoyed and the party lunch included a birthday cake. Eleanor was the recipient of many gifts.

**At Conference**

Rev. Maynard O. Hansen returned Friday evening from Marquette where he attended the sessions of the Superior Conference of Augustana churches. Mrs. Edgar Erickson who was a lay delegate representing Salem Lutheran church, Bark River, also attended the conference.

**Personals**

Mrs. Carl Gustafson has returned from Green Bay where she was a patient at Bellin Memorial hospital the past eight weeks.

### Farewell Dinner For Father Waraxa At Perronville

PERRONVILLE—Parish members of St. Michael's church at Perronville and St. Joseph's church, Northland, entertained Father Gabriel Waraxa at a farewell dinner in the parish dining room at Perronville Sunday evening.

Father Waraxa was relieved of his duties that day and will visit with his mother in Milwaukee before reporting for duty with the First Armored Division at Fort Hood, Tex., April 23.

Three hundred priests, parishioners and guests were present at

the dinner. Father Anthony Schloss of Rapid River was master of ceremonies. The honor guest was presented with a purse as a farewell gift.

Table appointments for the dinner were in a color scheme of yellow, green and pink. Visiting priests were the Very Rev. Martin E. Melican, Escanaba; Rev. Arnold Thompson, Escanaba; Rev. Ralph Sterbenz, Wells; Rev. Joseph H. Beauchene, Schaffer; Rev. Thomas Dregacz of Wakefield, former pastor of St. Michael's; Rev. Lester Bourgois, Nadeau; Rev. Bernard Karol, Spalding; Rev. Stephen Schneider, O. F. M., Escanaba; Rev. Conrad Suda, Perronville. Rev. O'Neill D'Amour and Rev. Robert Monroe, Menominee; Rev. Edward Lulewicz, Stambaugh; Rev. Schloos; Rev. Clifford Nadeau, Escanaba; Rev. James McNaughton, Escanaba; and Rev. Roland Dion, Flat Rock.

**Personals**  
Mr. and Mrs. Steve Shiverski, Mr. and Mrs. Stanley Shiveski and Miss Sophie Faltynski visited the new Foundation of Mount Carmel at Iron Mountain Sunday. Mr. and Mrs. Roy Michel of Schaffer and Mrs. Elmer Kilb of Perronville made the inspection tour of the cloistered convent Sunday afternoon.

Mr. and Mrs. Albert Positano and daughter, Deborah, returned to Chicago Sunday. Mrs. Positano and daughter spent the previous week visiting her parents, Mr. and Mrs. Alfred Schoen and her husband joined them for the weekend.

Speeding on U. S. streets and highways last year injured 475,500 men, women and children.

**REFINISHING FURNITURE** is a fascinating and profitable project for members of the many home economics clubs throughout the county. Pictured here are a group of women at an evening meeting at the Jerome Deloria home. Above, Mrs. Carl Romin (left) and Mrs. Deloria are taking off old finish. Below, Mrs. James Thorin, (left) is busily engaged in removing a

chair seat while Mrs. Ernest Hill cuts the new material, using the old seat as a pattern. In the accompanying article, Miss Ingrid Tervonen, Delta county demonstration agent, who organized and supervises the clubs, explains the various steps in the project. (Escanaba Daily Press Photos)

alcohol or turpentine. Stain is very seldom used. We try to avoid it because the natural wood is usually the most beautiful. Stain is also tricky to use and should be applied with care. An oil stain is the only kind recommended for use by the amateur.

A paste wood filler is sometimes needed on open grained woods such as walnut and oak as the pores are unusually large. The paste fills the pores and gives the wood a smooth surface for the final finish. Directions given on the can should be followed. When a penetrating seal is used as a finish, the paste wood filler as it is applied, must be used between the first and second coat of seal. When varnish, shellac, or some other type of surface finish is used, the filler is applied before the first coat of finish.

There are various finishes that can be used on a piece of furniture but a soft satin sheen is usually the most desirable. To get this soft patina, we used a penetrating seal on all of the pieces of furniture we worked on at our refinishing schools.

**Protects Wood**  
A penetrating finish, of course, must be applied to the bare wood. It builds up a seal from the inside out which preserves and protects the wood. This penetrating wood seal is the most satisfactory finish for the amateur to use. It makes an excellent finish for furniture, floors, and woodwork. It is easily applied, easily maintained and it is easy to repair worn places. The penetrating seal is usually applied liberally with a soft cloth and allowed to stand fifteen to twenty minutes. The excess is wiped off with steel wool or a soft cloth. A second coat can be applied, same, after twelve hours.

For the final protective finish, we've been using a paste wax. This should be a very thin even film. To get this, we placed a small amount of wax on several layers of cheesecloth and gathered the corners together. The friction of rubbing, causes the wax to melt and come through the cloth and form this very thin film. It can be polished after thirty minutes and your refinishing job is completed.

And to quote the homemakers—"It's a lot of work but well worth the effort."

Miss Bienenstock,  
Donald Villeneuve  
Wed In Milwaukee

Enroute to New Orleans where they will spend their honeymoon are Donald Villeneuve, son of Mr. and Mrs. E. C. Villeneuve of 1825 Third Avenue South, and his bride, the former Ruth Bienenstock of Clearwater, Florida.

They were married Saturday, April 7 in a 10 o'clock ceremony at the Church of the Gesu in Milwaukee. Rev. E. P. Mullaney, S. J., officiated.

The bride's dress of white satin was detailed with a lace trimmed V collar, long sleeves ending in points over the wrists, tiny satin covered buttons down the front of the bodice a chantilly lace trimmed peplum ending in a deep V in back and a long train. Her lace trimmed fingertip veil was caught to a seed pearl tiara. White carnations and salmon rosebuds surrounded the orchid in her bouquet.

## Matron of Honor

Mrs. Robert Fought of Munster, Indiana, was matron of honor for her sister. Her gown was of yellow moire faille fashioned with a bertha collar and full skirt, caught up on the side to reveal an underskirt of aqua. In her bouquet were white carnations and yellow roses. The bridesmaids were Miss Muriel Beaudre and Mrs. Robert Weber of Milwaukee. Their dresses of aqua moire faille with yellow underskirts were of the same design. They carried bouquets of yellow carnations and Taisman roses.

John Shanahan, cousin of the bridegroom, was best man, and Robert Weber and Elwyn Villeneuve completed the wedding party.

For her daughter's wedding Mrs. Helen Bienenstock of Clearwater chose a navy suit and navy accessories. Mrs. Villeneuve wore a tan suit with kola accessories. Their corsages were yellow carnations and rosebuds. The newlyweds were feted at

Home Extension Clubs Restore  
Beauty To Old Furniture

By INGRID TERVONEN

## Delta Home Demonstration Agent

Delta County Home Extension members have been busy these past weeks working on a project on "refinishing furniture." Leaders have come in to training centers in Garden, Gladstone, and Escanaba and have been teaching the lesson to their local groups. We've had some very interesting pieces to work on—some antiques and some that were fairly new.

Most of the old furniture had collected dust, varnish, and paint over a period of years, and the newer pieces had scratches that children are just bound to get on them. Water marks from plants and just general checking from the weather. A conscientious amateur can really do a good job of refinishing; and, it's quite a thrill to find hidden beauty underneath many layers of varnish and paint. We uncovered beautiful black walnut and maple. In many cases, a lesson such as this certainly develops an appreciation of natural wood.

Refinishing methods and materials have been developed that make it possible for even an inexperienced person to refinish furniture satisfactorily at home. A good refinishing job requires patience, time and just plain work.

## Should Be Worth While

Any furniture that you refinish should be worth the effort and expense of refinishing and it should fill a useful place in your home. The steps in refinishing are: removing the old finish; preparation of the new finish; application of the new finish. In our refinishing schools, we used a commercial paint and varnish remover for removing the old finish because it works quickly. A good grade will remove heavy coats of varnish, paint and enamels without injury to the wood. Several applications are sometimes necessary. After the finish has been removed, the wood may still lookummy and dirty. This can be removed with steel wool and denatured alcohol. We found that if a steel wool is covered with a thin layer of cheesecloth, it doesn't have fine particles to collect on the surface of the wood and in the corners.

Once in a while, a piece of furniture has dark spots. Stains and ink spots cannot always be removed but they can be diminished by bleaching. For this, you can use a solution of oxalic acid—2 ounces of oxalic acid crystals to a pint of water. This is applied with a dish mop or cloth—we used cheesecloth to the end of a stick and used that as acid

shouldn't come in contact with the hands. The action of the acid is then stopped or neutralized with a solution of one tablespoon of ammonia to one quart of water. Some woods can also be given a blonde finish with a stronger oxalic acid solution. This depends on the type of wood and stain that had been used with the original finish.

Small holes can be filled with a shellac stick, wood putty, or plastic wood. Dents and bruises can be removed by placing a damp cloth over the dent or bruise and holding a warm iron lightly over the damp cloth. The steam will swell the fibers of the wood and raise the dent or bruise. The wood should be allowed to dry thoroughly and should then be sanded with the grain of the wood.

**Sanding Is Work**  
After the old finish has been removed and dents and dark spots have been taken care of, the piece is ready for some elbow grease—a good sanding. We started out with a 3/0 or even a 1/0 and finished off with 5/0 and 7/0 or a fine carborundum. The success of a beautiful finish depends on the completeness of sanding. We say it should be as "smooth as glass." All sanding should be done with the grain of the wood! All traces

## Graduation Is Set For June 11

Walter S. Ryder  
Will Be Speaker

Dr. Walter S. Ryder, professor of economics at Central Michigan College of Education, Mt. Pleasant, will be speaker at the annual Manistique high school commencement services on Monday, June 11, it was announced at the regular meeting of the local board of education Tuesday night.

Dr. Ryder also will give commencement addresses at Munising and Negaunee.

Baccalaureate services are scheduled for Sunday, June 10, and the class day program will be held on Friday, June 8.

An increase of \$200 annually for public school teachers was approved by the school board. The increase, however, in no case will exceed maximum salaries set for men and women by the board. The new salary schedule also provides for additional allowances for certain extracurricular services. The new schedule is effective next school year.

The purchase of maintenance equipment for the school's boiler and steam pipe system, 25 large folding tables and six dozen dish sets to match existing dishes also was approved.

Bills in the amount of \$3,204.48 were approved for payment.

## Grass Fire Burns 40-50 Acres; Control Crews Are Going Back On Duty

A grass fire which burned between 40 and 50 acres north of Manistique yesterday afternoon has underscored the need for activating the summer fire control organizations in the Manistique area, it was reported last night.

The grass fire, reported to Ernest Derwin, local conservation officer, about 4:30 p. m. yesterday, was brought under control about 7 p. m. The flames were kept from entering brushland but did set fire to an abandoned dwelling on the Leslie Graham farm. The house fire was

extinguished before much damage was done. Six men were used in suppressing the grass blaze.

Both Derwin and Edwin Crook, local ranger for the U. S. Forest Service, reported last night that state and federal fire towers would be manned during the week of April 15. The Forest Service tower is at Steuben, and the state has the Cooks and Manistique towers.

State fire wardens already are on duty, and federal fire guards went back on the job Monday, April 9. Forest Service fire equipment, including trucks and pumper units, are being reconditioned and volunteer fire wardens scattered throughout the ranger district are being alerted for duty this week, Crook reported.

Permits for all fires in rural areas except domestic yard burnings are now required, it was pointed out. For burning within the local national forest area permits must be obtained from the Manistique ranger, but applications for such permits may be made to Warden Jacob Landis, of Isabella, and Fire Guard Herbert Popour, of Cooks. Burning permits outside federal forest areas here must be obtained from Conservation Officer Derwin or at the equipment station, corner of Main and Pearl streets.

## Soloists Go To Marquette

Eight From Here In Song Festival

Eight soloists from Manistique high school, under the direction of Mrs. Roger Eisentraut, music supervisor, will participate in the Upper Peninsula Solo and Ensemble Festival Saturday, April 14, at Northern Michigan College of Education, Marquette.

Local soloists and the numbers they will sing follow:

Dale Van Orman, Asleep In the Deep, Petrie

Lauren LeBrasseur, Song of the Vagabonds, Priml

Bill Willour, The Jolly Pages, Robertson

Jean Charron and Janet Dixon will be accompanists for the various soloists.

An evening concert consisting of solos and ensembles chosen from the day's selections also will be given. Persons selected for the evening program will be informed at a meeting of directors and participants at 4:30 p. m.

## Norma Demers, Of Cooks, Married To Floyd Weberg

Miss Norma Winnifred Demers, daughter of Mr. and Mrs. Wilfred Demers, of Cooks, became the bride of Floyd James Weberg, son of Mr. and Mrs. Albert Mercier, of Nahma, on April 7 at 9 a. m. at the St. Mary's church, Cooks.

Rev. Ronald Bassett, of Garden, performed the ceremony. Easter lilies and hydrangeas decorated the altar of the church.

The bride was attired in a gown of white slipper satin, with fitted bodice, full skirt and long train. She carried an orchid on a white prayer book and a white rosary, gift of the groom.

Miss Mary Ann Olesak, maid of honor, was attired in an aqua gown, yellow hat and gloves and carried yellow carnations. Miss Myrna Demers, bridesmaid, wore a pink gown, pink hat and gloves and carried pink carnations. Miss Jeanne Marie Popour, of Pontiac, was flower girl.

Richard Demers, brother of the bride, was best man and Russell Demers, the bride's cousin, ushered.

For her daughter's wedding, Mrs. Demers wore a street length dress of navy blue crepe and red accessories and a corsage of red roses. Mrs. Mercier chose a grey suit and navy accessories with a corsage of red roses.

The wedding breakfast was served at the home of the bride's parents. A reception followed later for 200 guests at the K. of C. hall.

Following a wedding trip to the Copper country, Detroit and Pontiac, the couple will make their home in Nahma.

The new Mrs. Weberg is a graduate of the Cooks high school.

Out-of-town guests attending the wedding were: Mr. and Mrs. Albert Mercier and Mr. and Mrs. Grover Weberg of Nahma; Mrs. Alfred Popour and Mr. and Mrs. Beno Mercier, of Pontiac; Mr. and Mrs. Eugene Fox, of Dearborn; Mr. and Mrs. Joel Carley, of St. Marys, Ohio; Mr. and Mrs. Leonard Courmay, of Green Bay; Mr. and Mrs. Lyle Leonard, Mr. and Mrs. Omar Morey, Mr. and Mrs. John Carey, and Mr. and Mrs. Elmer Popour, all of Escanaba.

## Troop 462 Has Court Of Honor

Badges Presented Tuesday Evening

Several Boy Scouts of troop 462 were awarded badges at a court of honor held Tuesday evening at the fairgrounds Scout building.

Many parents of Scouts attended the session. In addition to presentation of the badges the program included demonstrations in first aid and signaling, followed by boxing exhibitions and singing.

Badges were awarded as follows:

First class: Thomas Grimsley and Alroy Mersnick.

Tenderfoot pins: Ken Tigras, Roger Smith, Curtis Jones, Bob Harbin and Jerome Gregurash.

Merit badges: Tom Shampine, Dan Viergever, Tom Grimsley, Alroy Mersnick and Jack Swartstrom.

Robert Hentschell is Scoutmaster of troop 462.

## 65 Present For Red Cross Event Tuesday Evening

Ten comic skits presented Tuesday evening following a Red Cross pot luck dinner at the First Baptist church were well received by an audience of approximately 65 persons, it is announced.

The skits, directed by Mrs. Franklyn Burgess, depicted various incidents from the life of a typical Red Cross solicitor.

It also was announced at the meeting that a class in first aid would be organized providing enough persons desire to take such a course. John C. Hanson, assistant forest ranger here, has agreed to teach the course, and those interested in taking it should contact him.

The current Red Cross campaign is being continued in an effort to reach the county quota of \$2,895, it is announced by Mrs. L. E. Wilson, campaign director. Collections and pledges to date are approximately \$2,000, she said, with various rural areas still to report.

A scrap collection campaign to bolster Red Cross income is being planned, it was announced. More details will be announced later.

**County Board Meets Monday**

New Chairman To Be Elected

The annual organization meeting of the Schoolcraft county board of supervisors will open at 10 a. m. Monday, April 16, it is announced by G. Leslie Bouschor, county clerk.

Election of a new chairman, appointment of various standing committees and the yearly equalization of city and township tax rolls are the principal items on the agenda, but it is expected that various other matters will be considered.

Three new members, elected at the April 2 election, will take their seats at this session.

The board's auditing committee is scheduled to convene at 2 p. m. Saturday at the court house to check various bills against the county and the county road commission. William W. Davidson, of Doyle township, and William G. Stephens, of the city of Manistique, are the only members on the committee. A third member, Herbert Burns, of Manistique township, was defeated for reelection at the April voting.

Walter Burns, of Manistique, is the present chairman of the board.

## Scheringer Tells Clubwomen About European Journey

An interesting account of a tour through Europe was given at the regular meeting of the Manistique Women's club Tuesday afternoon by Rev. F. M. Scheringer, pastor of St. Francis de Sales church, who made the trip about a year ago.

Rev. Scheringer discussed his visits to such countries as Germany, France, Austria, Italy and Switzerland, telling in particular about the cuisine and the arts in those nations. Places he described in detail included Berchtesgaden where Hitler had his mountain retreat, Venice, Vienna and Naples.

The speaker interspersed his talk with humorous accounts of incidents which befell his traveling party during the trip.

The musical phase of the program included four solos by Herbert K. Peterson, with Mrs. A. F. Hall playing the accompaniment. Mr. Peterson sang "O Happy Day," "Think of Me," and two Swedish numbers.

Hostesses for the meeting were Mrs. Victor Schuster, chairman; Mrs. A. W. Heitman, Mrs. Fred H. Hahne, Mrs. J. Joseph Herbert, Mrs. William A. Corson, Mrs. E. T. Lundstrom, Mrs. Alvin Nelson,

and Mrs. Rudolph Larson.

The next meeting of the club will be the final one for the season. It will be the annual luncheon, and it has tentatively been scheduled for Blaney Park on May 1. The program will be a pageant of bridal gowns.

## Spring Planting Program To Start Monday, April 23

Approximately a half million trees, including 360,000 red pine and 40,000 spruce, will be planted on the Manistique ranger district during the spring program, it is announced by Edwin Crook, local forest ranger.

Planting is slated to start Monday, April 23, south of US-2 on the Thompson plains and to shift later to an area near Jack Pine lodge on M-4. Planting operations will continue until about the end of May.

Most of the planting will be done with two mechanical planting machines, and only a small area is to be planted by hand. Because of this only a limited number of men will be employed for the spring program.

No plans have been made to employ women for the spring program on the Manistique district, but it may be necessary to hire some women next fall, Crook said.

# Gladstone Lions Honor Brimley Coach Tonight

GLADSTONE — Coach Karl Parker of Brimley's two-time state class D champions and the Gladstone high school basketball team will be honored by the Gladstone Lions club at the fourteenth annual basketball recognition banquet tonight at the Yacht club.

Parker, whose Brimley team has won 33 games in a row, will be awarded the Lions club trophy emblematic of the "coach of the year."

Coach Eldon Keil of Gladstone, who won it last year when it was first presented, will make the award to Parker, son of "Kid" Parker, old time boxing great of Sault Ste. Marie. Parker will introduce members of his team.

Members of the Gladstone varsity and reserve basketball teams and the cheer leaders also will be guests of the Lions club.

## Awards Nine Letters

Keil will award letters to the following nine members of the Braves: Capt. Phil Creten, Joe Sutter, Jim LaLonde and John Syverson, seniors; Roger Beauchamp and Wayne Marmalick, juniors; Tom Moreau, Lowell LaPlant and Martin Becker, Jr., sophomores. Ed Bunno, another sophomore member of the team, did not play enough to win a letter. Student manager Fritz Seibert will receive an award.

The Braves won 12 and lost seven games this year. They won the district class B championship by defeating Escanaba but lost to Negaunee in the opening round of the regional at Houghton.

Following presentation of letters by Keil, Capt. Creten will speak briefly.

Announcement of election of the captain for next year will be followed by a talk by the captain-elect.

Coach Don Prosenhauer will introduce members of his reserve team.

Dr. George Kelly, president of the Lions club, will be toastmaster. Jim Ripley of the Menominee Herald Leader, who is president of the Upper Peninsula Sportswriters' association, will represent that organization at the dinner.

# Toronto Noses Out Canadiens

TORONTO — (AP) — Swift Sid Smith, an old hand at scoring hockey playoff goals in bunches, pushed the Toronto Maple Leafs off to a winning start with a two-goal outburst last night in the first game of their best-of-seven Stanley cup final with Montreal Canadiens.

Only Toronto native on the Leaf lineup, the 25-year-old left winger was Johnny-on-the-spot to slap home a pass from linemate Tod Sloan after five minutes and 51 seconds of a sudden-death overtime play to give the Leafs a 3-2 victory in the series opened before 13,939 fans.

Smith also scored the game's first goal, after 15 seconds of play, also on a pass from Sloan.

The Leafs had a tough battle. Before the first period was over Maurice Richard had matched Smith's opening score, the puck sliding under goalie Turk Broda's pad as he went down to smother the potent right winger's rush. Sloan put Toronto in front again 15 seconds after Richard scored but the Canadiens rubbed that out in the second period when a rising shot by rookie forward Paul Masnick went over Broda's shoulder into the net.

# St. Anne Cagers Receive Awards

Robert DuBord, captain-elect of St. Anne's basketball team, has been named the team's most valuable player.

DuBord and fellow players were honored at a recognition banquet at the school hall at which Edward Edick, principal of Escanaba high school, was the principal speaker.

Other team members who received awards from Coach A. M. Macomber include: Capt. Robert Snow, Allen Olsen, LeRoy Villeneuve, John Berrigan, Donald Derusha, William Snow, Robert Moreau, John LaBranche, Donald Tournant, Allen Villeneuve, Fred Beaudry, Duane Marengier, Robert Gregory, Wayne LaFave, Ronald Klug and Robert LaFave.

# Spilling The Dope

By Charlie Larson

Tonight is the big night at Gladstone.

Karl Parker, coach of Brimley's two-time state class D champions in basketball, will be given the Gladstone Lions club trophy emblematic of the "coach of the year."

It is well deserved. Parker and his boys captured the imagination of the Upper Peninsula and Lower Peninsula as well when Brimley steam rolled to two state championships in a row—a feat rarely performed in Michigan.

Those who saw Brimley play this year say the team was well coached, intelligent and well balanced. It played heads-up basketball and proved it could come from behind to win when necessary. It waded through the toughest competition in Michigan and came through easily, with only one narrow escape in the state semifinals.

With a winner, of course, there are always many who want to get in on the glory. We of Escanaba have a vicarious interest in this Brimley team. After all, a former Escanaban, Leo Pintal, is superintendent at Brimley!

Seriously, though, Coach Parker, our hat's off to you and your Brimley boys. You've done a swell job and we hope you turn the trick again next year—provided, of course, that no Delta county team does it!

And to the Gladstone Lions, congratulations again for the idea of honoring the coach of the year and for honoring Gladstone cagers, win, lose or draw.

That's the real spirit of sportsmanship.

# Garver Holds Cards Hitless 8 Innings

HOUSTON—(AP)—There's little question about it now—Ned Garver is the St. Louis Browns' best pitcher.

Last night he hurled eight hitless innings to blank the St. Louis Cardinals 1-0. Lou Sleater then completed the no-hitter by handing off the Redbird baton in the final frame after Ned went out for a pinchhitter.

It wasn't a perfect eight innings—three walks a hit batsman and an error by a teammate put Redbirds on base. But only three Cardinals hit flies to the outfield and the closest bid for a base hit was from Joe Garagiola. Ken Wood backed against the right field fence for Joe's fourth-inning drive.

Manager Zack Taylor said he could win a lot of ball games if he had a couple more like Garver.

But early in the exhibition grind the righthander had the doubtful distinction of giving up 33 runs in slightly more than nine innings of hurling, scattered over several games.

After the last night's game, Garver commented:

"Once I got past the first inning, I was all right. I couldn't get the ball where I wanted it. After that, I was getting the ball, particularly the curve, in the right spots. I could have pitched another inning but I was getting tired."

# Garden Catcher Gets Sox Tryout

James Clement, 21, catcher on the Garden baseball team, has been ordered to report to the Chicago White Sox training camp at Hot Springs, Ark., Bill Ranguette, local White Sox representative, said today.

Clement, whose 210 pounds are spread over a six-foot frame, is a commercial fisherman. He is the son of Mrs. James Clement.

Ranguette said Clement batted 407 last year for Garden.

# Good Hurling Looms In Openers

(By The Associated Press)  
Maybe it's a hint on what is in store on opening day next week in the major leagues.

Anyway the St. Louis Browns plastered a 1-0 no-hitter on the St. Louis Cardinals last night in their exhibition game at Houston. Ned Garver pitched the first eight innings, was lifted for a pinch-hitter, then Lou Sleater finished the no-hitter by getting Harry Lowrey, Red Schoendienst and Stan Musial without trouble.

Johnny Bero, who pinch hit for Garver, doubled home the only run of the game in the last of the eighth.

Jim Hearn and Howie Fox, two lanky righthanders who rose from obscurity to major league stardom last year, are traveling different paths this spring.

Fox, who wound up by winning 10 of his last 12 games, appears headed for his finest season in the game but Hearn hasn't looked so good for the New York Giants.

The Cincinnati Reds number Fox as one of their big four. The 6-2, 200-pounder came up with

his second route-going job of the Grapefruit league season yesterday as the Reds crushed Washington, 12-3, at Lynchburg, Va.

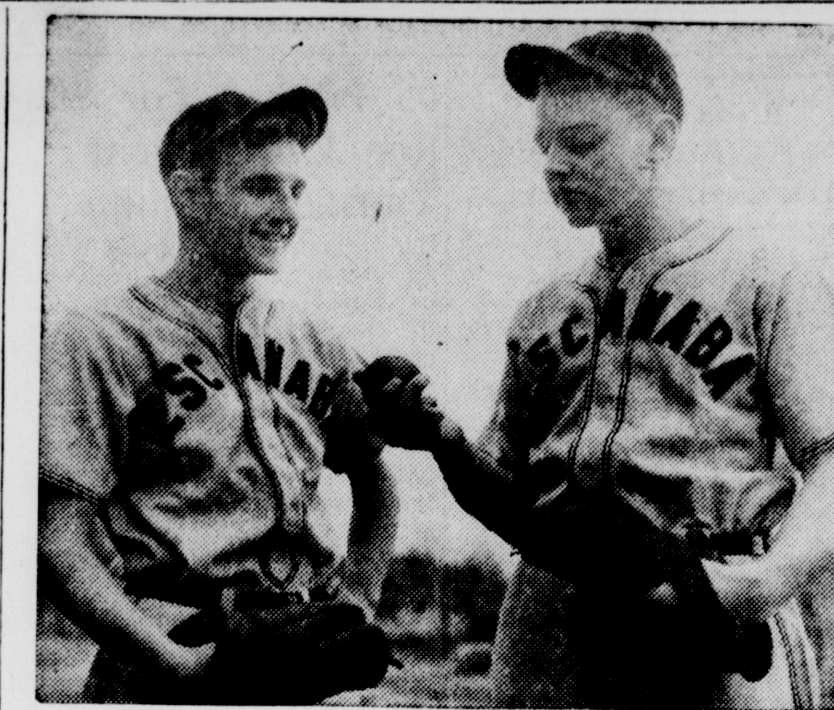

The Reds let Fox coast as they scored all their runs in the first three innings against left Al Sima. Home runs by Bob Nsher, Joe Adcock and Connie Ryan accounted for most of the damage.

Fox scattered eight hits and lost his shutout in the sixth inning when sophomore outfielder Irv Noren smashed a three-run homer.

Hearn, who hasn't approached his 1950 form, went all the way as the Giants dropped a 5-4, decision to the Cleveland Indians at Atlanta.

For five innings Hearn sparkled as he protected a 3-0 lead but a home run by Orestes Mi-noso in the sixth started him on the road to defeat.

The Indians tied the score at 4-4 in the eighth and won in the ninth when Hearn walked Larry Doby, Bob Kennedy and Ray Boone to force home pinch-runner Thurman Tucker with the

ESKYMOS HAVE THE BATTERY — When Coach Jim Rouman's Escanaba high school baseball team opens play this spring, there will be a talented battery on hand. Bob Paterick, veteran lefthander, watches as Jack Chriske, fast-ball righthander, fingers a ball. Right is Jim Nyquist, regular catcher from last year's team which won seven and lost one. (Daily Press Photos)

# Several Vets On Eskymo Nine

Headed by some fine battery material, Escanaba high school baseball prospects are working out under Coach Jim Rouman these days and, barring unforeseen injuries, the team should have another successful season.

Last year's team won seven games and lost only to Iron Mountain. Leading batterymen from that team are returning this year. They are catcher Jim Nyquist and pitchers Jack Chriske, fast-ball righthander, and Bob Paterick, a southpaw.

Other returning lettermen include Warren (JoJo) Johnston and Roland McMillie, infielders, and Paul Baldwin and Charlie Olson, outfielders.

In addition Tom Kroil and Paul Gunderman, members of last year's American Legion Cubs, who won the Upper Peninsula title, will be on hand as will Jim Valentine, an infielder who saw some service with the Eskymos last year.

Kroil and Gunderman are first basemen and Kroil has done some pitching.

"If we can find some reserve strength among the 24 prospects who have reported for practice so far, we should have another good season," said Rouman. "Several of our boys got a lot of good experience in American Legion junior ball last year, especially in the state tournament, and it ought to help us this year."

Rouman said it is likely that games will be arranged with Iron Mountain, St. Joseph, Marquette, Ishpeming and Negaunee as soon as weather permits play.

Rizutto, two Yank Hurlers Given OK's

BALTIMORE—(AP)—Shortstop Phil Rizutto—sore side and all—will be the starting lineup when his New York Yankees face Washington Monday in the American league season opener.

And Yankee pitchers Allie Reynolds and George Bennett, who looked over their ailments.

Rizutto, voted the most valuable player in the American league last year, pulled a cartilage in his right side during spring batting practice.

"Take It Easy," Dr. Bennett told him it would not prevent his playing.

"The doctor told me I can work out if there is no pain, and if there is some pain they can shoot me with novocaine and I can still play," he explained.

Reynolds, a 16-game winner last season, was worried about a sore elbow. Dr. Bennett found some loose particles of cartilage floating in the elbow. He called this "typical of almost all pitchers" and added "there are plenty of pitchers throwing with worse arms than Reynolds has."

A sore shoulder has been troubling Page.

Both pitchers were told to work out with the club but to rest their arms for a week or ten days. Page was cautioned not to cut loose with his fast one for the next three weeks.

# Suspected Big 10 Official Cleared

## Hal Blows Up; Rolfe Unhappy

## Tigers Face 'Bo-Bo' Newsom Today

BIRMINGHAM, Ala. — (AP) — Mr. Rolfe of the Detroit Tigers usually answers to the nickname Red. But the manager's auburn hair may be turning white before long if his team's fortunes don't improve a bit.

What Rolfe saw here yesterday, just for an example, was enough to change it.

Hal Newhouse, the pitcher he named to go against the murderous Cleveland Indians on opening day April 18, took the mound facing the Birmingham Barons of the Southern association.

Debacle Starts

He hurled just two innings and gave up four hits, four walks and a couple of wild pitches—all of which netted five runs for the Barons.

The Tigers got six scores in the two frames, so they had a 6-5 lead when a rainstorm ended play for the afternoon.

Actually, the Tigers had a 6-1 lead at one point, and the way they lost the advantage may mean a few more grey hairs for the Bengal boss.

Newhouse gave up a single to start the second and walked the next man. Then came a wild pitch and another walk to load the bases. Bob Van Emmons, rightfielder for the southern club, emptied them with a triple and came home on Hoot Evers' bad throw.

Face Bo-Bo

The only cheerful note was the improvement in Bengal batting after two days of stiff drill.

In the first inning, Johnny Lipon doubled for his first hit in 17 trips to the plate. An error put another Tiger on base and Vic Wertz homered three runs in.

Joe Ginsberg's single and two errors loaded the bases for Detroit in the second, and Neil Berry slammed a double to right to account for two scores. Don Kolloway's long fly brought in the last Detroit run.

Then, just before the rain started in the third, Johnny Groth swatted a double into center.

The Tigers wind up their Birmingham engagement today with Ted Gray scheduled to oppose Bo-Bo Newsom.

An overwhelming majority of motor vehicles involved in accidents last year were reported in apparently good condition.

CHICAGO—(AP)—An intensive investigation by Big Ten Commissioner K. L. (Tug) Wilson has cleared an unidentified conference basketball official of charges of irregularities.

The 15-day probe followed testimony before the Kefauver Senate crime committee March 24 in Washington by Sidney Brodson of Milwaukee, an admitted gambler and former Chicago lawyer.

Brodson told the committee of suspecting an unnamed Big Ten official. He said in some games which were worked by this official, gambling point-spreads fluctuated abnormally.

Wilson was aided in his probe by Bill Haarlow, conference supervisor of officials, an independent investigating firm of former FBI men, and members of a Chicago law firm handling conference legal matters.

Wilson said he had been advised that the official in question has caused for legal action against Brodson.

Brodson Rebutted

Wilson said he found it "repugnant that a man who bets thousands of dollars on the outcome of a contest should do irreparable damage to reputations by his 'suspicious' or opinions."

Wilson rebuked Brodson with the comment that "One man—an admitted gambler—was able to place a cloud over every man on this (Big Ten's 25 officials) staff. Nothing that we can do probably will ever catch up with the off-hand remarks he expressed."

Wilson said direct contact during the investigation was made with Brodson, the unnamed official, three other prominent gamblers of this area, and officials who worked games with "John Doe" during the past two seasons.

Game-by-game reports from the officials and coaches in these games were reviewed and films of them were studied.

Gamblers Disagree

These conclusions were reached in the investigation:

"1—Brodson had surprisingly little evidence to support the 'suspicious' which he expressed."

"2—Other gamblers did not agree with Brodson's views."

"3—It is obvious that bookmakers and bettors are acutely suspicious people by nature of their profession."

"4—It is not uncommon for a better, having once privately handicapped a game by his own system, to feel that something corrupt was associated with the contest if it did not result reasonably close to the point difference he had figured by his particular system."

"5—And finally, it is definitely concluded that 'John Doe' is not guilty of any of the irregularities 'suspected' by Brodson."

Williams Pulverizes Pruden To Defeat

CHICAGO—(AP)—Lightweight Champion Ike Williams smashed out a unanimous 10-round decision over welterweight Fitzie Pruden last night.

Pruden bled profusely from a cut over his right eye from the third round on. Ike was a red-dish mess from a cut left eye and a slit on the inside of his lip.

Pruden, the sixth ranking welterweight, proved able to take all of Ike's power punches without backing up and continued his record of never being knocked off his feet in four years. However, he failed to land any telling blows.

# Mama's Feud With Big House Runs On

By HAL BOYLE

KANSAS CITY—(AP)—For a quarter of a century now mama has been threatening to sell the home she raised her five children in.

She moved into it 30 years ago when she and dad and all the rest of us were young together. It is a big, white, old-fashioned, eight-room house—the kind that went out of style long ago, and now is coming back in style among people who like space and comfort.

The house has been in the family so long, and the family has been in the house so long that now we don't know whether it owns us or we own it.

But mama and the house have been having a feud ever since they met.

"It is just too big," mama said the day we moved in. And she has been saying it ever since. "It takes too much work to keep up an old place like this."

But it was a wonderful house for children to grow up in. It had a big back yard to play in, a grape arbor, fine old shade trees to climb, and plenty of room to raise chickens, dogs, pigeons and rabbits.

## Symbol Of Unity

It was a house built for living. We children liked everything about it except the old coal furnace. The boys used to match on winter evenings to see who would have to take on the terrible duty of going down alone to bank the furnace for the night.

The basement was a fearsome place at night full of flickering shadows. Who knew what eerie menace might leap out at you from the dark coal bin? The unlucky boy whose turn it was to stoke the fire threw on shovel after shovel of coal as fast as he could and then turned and raced up the stairs, his back prickling with icy fear that some evil monster might grab him from behind. Oh, what a relief it was to come back up into the bright warm kitchen!

chen! But in the hot summer days the basement was a wonderful sanctuary from the heat. Mama still goes down there to read the paper and cool off when the temperature hits the 100-degree mark.

When dad died in 1937, the family was in real terror that mama would carry out her threat to sell the place.

"You children are all raised now," she said. "I am going to sell this old barn and move into a small apartment by myself."

But she didn't. She still lives there with my sister, my brother-in-law, and their little child, Kathy. The house has become a kind of symbol of family unity, a place we can always come back to and find each other again—and live again our childhood with mama.

## She'll Never Leave

Mama knows this. But year after year she goes on reading the real estate ads and warning she certainly isn't going "to live in this barn through another spring."

But we don't take her too seriously any longer. For some years ago she let the last of the mortgage be paid off. There is a new gas furnace in the basement now, and recently the whole house got a new face-lifting.

"Why, the house keeps getting younger all the time," I said.

"Yes, but I keep getting older here," said mama. "I've just been a prisoner in this darned old barn for the last 30 years. I know what I'm going to do. I'm going to sell it this summer and move into one of those nice new small ranch houses everybody's buying."

"Why, the house keeps getting younger all the time," I said. "Yes, but I keep getting older here," said mama. "I've just been a prisoner in this darned old barn for the last 30 years. I know what I'm going to do. I'm going to sell it this summer and move into one of those nice new small ranch houses everybody's buying."

But she never will. Mama knows in her heart she has lost her long feud with the house. It holds her by too many memories. And she will never leave it now. But she likes to go on threatening it. She doesn't want it to think it can dominate her altogether.

## 4-H Club Meet

Carol Roberts, daughter of Mr. and Mrs. Edward Roberts won county honors in C-1 Sewing when the students representing Grand Marais High school attended the Schoolcraft County 4-H Club Meet in Manistique on Thursday.

Joseph Drust, principal of the Grand Marais high school was awarded a pin for 10 years of leadership in 4-H work.

This is Grand Marais first attendance at the Schoolcraft meet. Distance makes it more convenient for the school to attend at Manistique than to attend the Alger County meet at Deerton.

Members of the sewing class attending at Manistique were Carol

Roberts, Harriet Grasser, Rhea Ostrander, Dorothy Nyman, Lorraine Mulligan and Lois Aho. They were accompanied by their instructor, Mrs. Joseph Drust, also Mrs. Sayre Ostrander and Mrs. Albert Grasser.

Boys attending at Manistique were James Carter, Robert Niemi, Sidney Hermanson and William McDonald. Mr. Bernhardt, Schoolcraft county 4-H leader and other officials will visit Grand Marais high school on Friday afternoon, April 27th, to judge the boys handicraft.

## Airport Road Passable

The employees at the Grand Marais Municipal Airport began making the trip to work by car again on Tuesday morning, April 10, following a week of commuting via a jeep. For the past 10 days the airport road has been virtually impassable by car and for several days usable by jeep only, in 4-wheel drive.

## Michigan Population 68 Percent Married, Census Check Shows

WASHINGTON—(AP)—Sixty-eight per cent of Michigan's 1950 population over 14 years old were married, the census bureau reported.

This was an all time high and compared to 62 per cent in 1940.

A 53 per cent increase in the number of children under 10 also was reported. This contrast with only a 21 per cent boost in the total population.

Higher birth rates in recent years and fewer infant deaths were given as the explanation.

A preliminary report by the census bureau on the characteristics of Michigan's population also showed:

The size of the average household dropped from 3.7 persons in 1940 to 3.5 persons in 1950.

School enrollment jumped sharply to a new high of 1,286,000 pupils between the ages of 5 and 24 in both public and private schools. This was an increase of about 100,000 compared with 1940.

The Michigan population count on April 1, 1950 was 6,372,000, a gain of 21 per cent since the 1940 census.

## Can't Hold Back on Praise for Hadacol

**Wonderful Formula Relieves Indigestion, Fatigue, Aches and Pains, When Due to a Lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron**

When everybody you know starts telling you how much better you're looking and when all your troubles seem to disappear almost overnight... MAN, that's a wonderful feeling! Nothing in the whole wide world can beat it! That's just what happened to Mr. John P. Ray, c/o the Cassville Democrat, Cassville, Missouri.

Mr. Ray heard how HADACOL was relieving conditions caused by a lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, and he decided to see what it would do for his aches and pains and stomach distress. So sincere, so straight-forward, is Mr. Ray's letter that we want you to hear about it from him in his own words.

He says, "Before I started taking HADACOL I was rundown and had no appetite whatever. After taking my fourth small sized bottle, I could easily tell that I was feeling better, and now after being on my fourth large sized bottle, I well know of the splendid value it has been to me. Many people I met, who had known me years and years, remarked to me that I was looking better. I told them unhesitatingly that I had been taking HADACOL. I unhesitatingly recommend HADACOL because I well know the fine results it has secured for me. This is the first time in my life I have ever given a testimonial, but I do

feel that a person who has received as much good from HADACOL as I have, should tell others about it. You have my permission to use this statement in any way you desire. It is all true and I do not back down on one word of it, as my neighbors and friends here at home could verify."

HADACOL has been specially compounded to give you more than the minimum daily requirements of these very elements, plus helpful quantities of Phosphorus and Calcium. They're all in the special HADACOL liquid form for quick, easy absorption in the system. HADACOL builds blood hemoglobin (when Iron is needed) to speed these precious Vitamins and Minerals to every part of the body and to every body organ.

Can you doubt an honest statement like Mr. Ray's? Can you doubt the words of your friends and neighbors who have been helped? Why not find out for yourself today. Remember, HADACOL is recommended by many doctors and is sold on a strict money-back guarantee.
